Executive Summary:

The Administration for Children and Families' (ACF) Administration on Children, Youth and Families' (ACYF) Family and Youth Services Bureau (FYSB) is accepting applications for the Street Outreach Program (SOP). SOP is one of the programs authorized by the Runaway and Homeless Youth Act, 42 United States Code (U.S.C.) sections 5701 through 5752, to address runaway and homeless youth problems. SOP's purpose is to conduct outreach services designed to build relationships between grantee staff and street youth. A range of education, intervention, and prevention services are offered to youth who are at risk of being subjected to sexual abuse or exploitation. The goal of these efforts is to help young people leave the streets and assist in moving and adjusting to a safe and appropriate living arrangement.

I. FUNDING OPPORTUNITY DESCRIPTION

Legislative Authority

Grants for Runaway and Homeless Youth Street Outreach programs are authorized by the Runaway and Homeless Youth Act, 42 U.S.C. sections 5701 through 5752. Text of this legislation can be located at <http://www.acf.hhs.gov/programs/fysb/content/aboutfysb/RHYComp.pdf>.

Funding Opportunity Description

History

Today, in communities across the country, there are young people living on the streets, running from or being asked to leave homes characterized by abuse, neglect, or parental drug or alcohol abuse. Once on the streets, such youth are at risk of being sexually exploited or abused by adults for pleasure or profit. Street youth may be drawn into shoplifting, survival sex or dealing drugs in order to earn money for food, shelter, clothing and other daily expenses. They often drop out of school and try to survive with little or no contact with medical professionals.

To prevent the sexual abuse or exploitation of these young people, and to provide them with services that help them leave the streets, Congress established the Education and Prevention Services to Reduce Sexual Abuse of Runaway, Homeless, and Street Youth Program, through the Violence Against Women Act of the Violent Crime Control and Law Enforcement Act of 1994 (Public Law (P.L.) 103-322). That program created Grants for the Prevention of Sexual Abuse and Exploitation (also known as the Street Outreach Program) to fund street-based outreach and education for runaway and homeless youth and youth on the streets who have been, or are at risk of being, sexually abused and/or exploited.

Congress assigned administration of SOP to the U.S. Department of Health and Human Services (HHS). Within HHS, FYSB has funded community-based non-profit organizations to operate projects through SOP since 1996.

Today, FYSB continues to fund SOP, which provides funding for the organizations and shelters that serve and protect runaway, homeless, missing, and sexually exploited children. In Fiscal Year (FY) 2007, \$13.5 million was available in funding, which funded 90 new projects and 49 continuation projects in their second or third year of operation.

Purpose

The purpose of the SOP is to enable programs to help young people leave the streets. The goal of the program is to conduct outreach efforts to build relationships between street outreach staff and street youth. These efforts will provide support services that will assist youth in moving and adjusting to safe and appropriate alternative living arrangements to become independent, self-sufficient, contributing members of society.

Scope of Services

SOPs must be designed to address the homelessness issue of street youth, build trusting relationships with street youth, and encourage them to leave the streets.

Program Requirements

A. Operations: Grantees must operate a program that will deliver outreach and education services to street youth, up to age 21, who have been subjected to, or are at risk of being subjected to sexual abuse, prostitution, or sexual exploitation where street youth congregate.

B. Services: Grantees must conduct outreach activities that encourage street youth to leave the streets. These activities include but are not limited to:

- Street-based outreach and education,
- Access to emergency shelter,
- Survival aid,
- Individual assessments,
- Treatment and counseling,
- Prevention and education activities,
- Information and referrals,
- Crisis intervention, and
- Follow-up support.

C. Access to Shelter: Street youth must have guaranteed access to age appropriate emergency shelter for those youth willing to come in off the street. Street outreach staff must have access to the emergency shelter. Shelters can be provided through a referral network, but street outreach staff must have 24-hour access to the shelter in order to maintain interaction with youth while they are there. NOTE: A Letter of Agreement (LOA) with the shelter provider must be included in the application. The agreement must stipulate that the applicant's street outreach staff workers will have guaranteed access to street youth that are residing in the shelter. If the applicant agency is providing the shelter services through other means, then the applicant must state that in the application, but a LOA is not required.

D. Supervision/Training: SOPs must provide a plan for supervision and training of staff. The plan must include:

- a. On-street supervision by appropriately trained staff,
- b. Back-up personnel for on-street staff, and

- c. Initial and periodic training of staff to provide such outreach services.

E. Positive Youth Development: FYSB has worked to promote a PYD framework for all its funded grant programs and activities. Therefore, applicants are encouraged to develop their project descriptions with the PYD framework in mind as discussed below.

The PYD approach is predicated on the understanding that all young people need support, guidance, and opportunities during adolescence, a time of rapid growth and change. With this support, they can develop self-assurance and create a healthy, successful life. Key elements of PYD are:

- Healthy messages to adolescents about their bodies, their behaviors and their interactions;
- Safe and structured places for teens to study, recreate and socialize;
- Strengthened relationships with adult role models, such as parents, mentors, coaches or community leaders;
- Skill development in literacy, competence, work readiness and social skills; and
- Opportunities to serve others and build self-esteem.

If these factors are being addressed, young people can become not just "problem-free" but "fully prepared" and engaged constructively in their communities and society. These key elements result in the following PYD outcomes:

- Increased opportunities and avenues for positive use of time;
- Increased opportunities for positive self-expression; and
- Increased opportunities for youth participation and civic engagement.

F. Record Keeping: Grantees must agree to keep adequate statistical records for profiling the youth and families serviced under this Federal grant. This information is required by program legislation and defined in the SOP contact report of the user friendly RHYMIS. Applicants must have the proper computer equipment to operate RHYMIS. Applicants may budget for computer equipment in their application as needed. For more information on the proper equipment, applicants may go to the RHYMIS fact sheet located on the FYSB website at <http://www.acf.hhs.gov/programs/fysb/content/youthdivision/resource/rhymfactsheet.htm> or in *Section VI.2* of this program

announcement. Please note that the RHYMIS software operates best with hardware in general use from 1999-present. In accordance with the Paperwork Reduction Act of 1995 the data collection under RHYMIS is approved under OMB control number 0970-0123, which expires September 30, 2010.

G. Technical Assistance: Grantees must agree to receive and participate in technical assistance efforts as recommended by Federal staff.

Measuring Program Success

National legislation and the oversight authority of OMB in the Executive Office of the President require FYSB and other Federal agencies to set measurable goals and work toward achieving them, reporting progress annually in the President's Budget.

For many years FYSB has been measuring and evaluating the RHY programs to ensure that youth are being served appropriately and safely.

FYSB is committed to the following goal: By FY 2009, ensure that at least 95 percent of the youth served in the RHY programs enter safe and appropriate settings after exiting ACF-funded RHY services.

This goal expresses a key objective of FYSB's governing statute, the RHY Act, which is to provide temporary shelter and services for runaway, homeless, and street youth and ensure the safe return of such youth to their homes or their placement into other appropriate alternative living arrangements according to the best interests of the youth.

For SOP, FYSB uses RHYMIS to record the number of contacts with street youth and the distribution of food, information, first aid items, etc. Street youth who subsequently enter shelters or residential programs are reported through RHYMIS for individual detail, although confidentiality is maintained.

Outcome examples on this safety measure include:

- Youth who accept shelter;
- Youth receive more extensive support services; and
- Referrals provided to youth.

- For applicants that must demonstrate proof of non-profit status before the award date, ACF strongly suggests that proof of non-profit status be attached to the electronic application. Proof of non-profit status and any other required documentation may be scanned and attached as an "Other Attachment." Acceptable

types of proof of non-profit status are stated earlier in this section.

- The Grants.gov website complies with Section 508 of the Rehabilitation Act of 1973. Grants.gov webpages are designed to work with assistive technologies such as screen readers. If an applicant uses assistive technology and is unable to access any material on the site, email the www.Grants.gov contact center at support@grants.gov for assistance.

Hard Copy Submission

Applicants that are submitting their application in paper format should submit one original and two copies of the complete application. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by an authorized representative, and be unbound. 4. Intergovernmental Review of Federal Programs:

State Single Point of Contact (SPOC)

This program is covered under Executive Order (Exec. Order) 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Exec. Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

The official list of the jurisdictions that have elected to participate in Exec. Order 12372, including addresses and contact persons, may be found on the following URL:

<http://www.whitehouse.gov/omb/grants/spoc.html>.

Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants must submit all required materials to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form (SF) 424, item 19.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application due date to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and official State process recommendations, which may trigger the "accommodate or explain" rule.

Comments submitted directly to ACF should be addressed to the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary

Grants, 370 L'Enfant Promenade SW., 6th Floor, Washington, DC 20447.

Although some jurisdictions have chosen not to participate in this process, entities that meet the eligibility requirements of the Program Announcement are still eligible to apply for a grant even if a State, Territory, or Commonwealth, etc., does not have a SPOC. Therefore, applicants from these jurisdictions, or for projects administered by Federally-recognized Indian Tribes, need take no action in regard to Exec. Order 12372.

5. Funding Restrictions:

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are unallowable.

Grant awards will not allow reimbursement of pre-award costs.

V. APPLICATION REVIEW INFORMATION

The Paperwork Reduction Act of 1995 (P.L. 104-13)

Public reporting burden for this collection of information is estimated to average 40 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139, which expires 4/30/2010.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria:

Part I THE PROJECT DESCRIPTION OVERVIEW

PURPOSE

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. The project description should be concise and complete. It should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing the project description, information that is responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

GENERAL EXPECTATIONS AND INSTRUCTIONS

ACF is particularly interested in specific project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

Part II GENERAL INSTRUCTIONS FOR PREPARING A FULL PROJECT DESCRIPTION

INTRODUCTION

Applicants that are required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

TABLE OF CONTENTS

List the contents of the application including corresponding page numbers.

PROJECT SUMMARY/ABSTRACT

Provide a summary of the project description (one page or less) with reference to the funding request.

OBJECTIVES AND NEED FOR ASSISTANCE

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

RESULTS OR BENEFITS EXPECTED

Identify the results and benefits to be derived.

For example, the project description may cite measurable outcomes, including but not limited to the number of youth that successfully leave the streets as a result of services.

APPROACH

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data is to be collected, maintained, and/or disseminated, clearance may be required from OMB. This clearance pertains to any "collection of information that is conducted or sponsored by ACF."

Provide a list of organizations, cooperating entities, consultants, or other key individuals who will work on the project along with a short description of the nature of their effort or contribution.

ADDITIONAL INFORMATION

The following are requests for additional information that must be included in the application:

STAFF AND POSITION DATA

Provide a biographical sketch and job description for each key person appointed. Job descriptions for each vacant key position should be included as well. As new key staff is appointed, biographical sketches will also be required.

ORGANIZATIONAL PROFILES

Provide information on the applicant organization(s) and cooperating partners, such as: organizational charts; financial statements; audit reports or statements from Certified Public Accountants/Licensed Public Accountants; Employer Identification Number(s); contact persons and telephone numbers; names of bond carriers; child care licenses and other documentation of professional accreditation; information on compliance with Federal/State/local government standards; documentation of experience in the program area; and, other pertinent information.

THIRD-PARTY AGREEMENTS

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities.

These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

BUDGET AND BUDGET JUSTIFICATION

Provide a budget with line-item detail and detailed calculations for each budget object class identified on the Budget Information Form (SF-424A or SF-424C). Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching is a requirement, include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

GENERAL

Use the following guidelines for preparing the budget and budget justification. Both Federal and non-Federal resources (when required) shall be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which you are applying. "Non-Federal resources" are all other non-ACF Federal and non-Federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, Federal budget; next column(s), non-Federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

PERSONNEL

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person, provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant.

FRINGE BENEFITS

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement insurance, taxes, etc.

TRAVEL

Description: Costs of project-related travel by employees of the applicant organization. (This item does not include costs of consultant travel).

Justification: For each trip show: the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key staff to attend ACF-sponsored workshops should be detailed in the budget.

EQUIPMENT

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the organization's regular written accounting practices.)

Justification: For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposal of the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

SUPPLIES

Description: Costs of all tangible personal property other than that included under the Equipment category.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

CONTRACTUAL

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations, including delegate agencies and specific project(s) and/or businesses to be financed by the applicant.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients and subrecipients, other than States that are required to use 45 CFR Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed at 41 USC 403(11), currently set at \$100,000.

Recipients might be required to make available to ACF pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each delegate agency, by agency title, along with the required supporting information referred to in these instructions.

OTHER

Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: insurance; food; medical and dental costs (noncontractual); professional services costs; space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

INDIRECT CHARGES

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect

cost rate approved by the Department of Health and Human Services (HHS) or another cognizant Federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not be charged as direct costs to the grant. Also, if the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

NON-FEDERAL RESOURCES

Description: Amounts of non-Federal resources that will be used to support the project as identified in Block 15 of the SF-424.

Justification: The firm commitment of these resources must be documented and submitted with the application so that the applicant is given credit in the review process. A detailed budget must be prepared for each funding source.

TOTAL DIRECT CHARGES, TOTAL INDIRECT CHARGES, TOTAL PROJECT COSTS

EVALUATION CRITERIA:

The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (i.e., from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

OBJECTIVES AND NEED FOR ASSISTANCE - 15 points

In reviewing the objectives and need for assistance, reviewers will consider the extent to which the application:

1. Describes clear and appropriate program objectives that will fulfill the program purpose consistent with the authorizing RHY legislation and FYSB program requirements as described in *Section 1*.
2. Describes a clear need for the proposed project through a discussion of the conditions of youth and families in the area to be served.
3. Demonstrates that the services to be provided will be located in an area that is frequented by and/or easily accessible for the population to be served, through a description of the precise geographic location of program services. Maps or other graphic aids may be included.
4. Provides documentation on the number of street youth in the area to be served. If such data does not exist, the application should state this fact and provide a rationale to estimate the number of street youth in the area.

RESULTS OR BENEFITS EXPECTED - 15 points

In reviewing the results and benefits expected, reviewers will consider the extent to which the application:

1. Identifies quantitative outcomes and outputs for the proposed project that will fulfill the program purpose and scope of services as described in the authorizing RHY legislation and *Section 1*.
Note: Outcomes are the expected changes that will reasonably occur amongst youth, families and communities based on the program activities. Examples of a project outcome are included in *Section 1, Measuring Program Success*.
2. Demonstrates a sound relationship between program activities and quantitative outcomes.
3. Provides an internal process, including the frequency, for tracking program performance using internal data to make periodic program adjustments that will improve performance.

APPROACH - 30 points

In reviewing the approach, reviewers will consider the extent to which the application:

1. Identifies the services that will be provided, required by and consistent with the authorizing RHY legislation and FYSB program requirements as described in *Section I*.
2. Describes how the proposed project will operate programmatically to provide the services mandated by the authorizing RHY legislation and FYSB program requirements as described in *Section I*.
3. Describes an effective plan to conduct street outreach efforts to reach street youth in areas where they congregate.
4. Describes an effective plan to assist street youth in receiving services (either directly or indirectly) on issues pertaining to sexual abuse, domestic violence, and sexual exploitation.
5. If an optional Drop-In Center model is proposed, describes the services, hours of operation, the expected ratio of staff to youth, and how the staffing plan will be sufficient to ensure adequate supervision and treatment.
6. If proposing to sub-grant or contract a significant portion of the proposed project, the applicant demonstrates that they will hold a substantive role in the administration and/or delivery of services of the proposed project.
7. Describes an outreach plan that will attract street youth eligible for services.
8. Describes an outreach plan that will attract members of ethnic, cultural, and racial minorities and/or persons with limited ability to speak English.
9. Describes its coordination or service linkages with local agencies to ensure a continuum of care or referrals for street youth to receive services outside the scope of the proposed project, but that are important to meet the needs of the population.
10. Describes an effective plan to maintain confidentiality of records.

ORGANIZATIONAL PROFILES - 20 points

In reviewing the organization profiles, reviewers will consider the extent to which the application:

1. Demonstrates the organizational capacity necessary to oversee Federal grants through a description of the organization's fiscal controls and an explanation of the organization's governing oversight.
2. If proposing to sub-grant and/or contract to another organization that will provide direct services to youth and their families through this grant, it demonstrates the maintaining of a substantive role with the sub-grant and/or contract the extent to which will be monitored for grant compliance and project performance.
3. Describes the organization's experience in working with runaway, homeless, and street youth populations and demonstrates a sound relationship between organizational experience and the ability to provide program services as required by and consistent with the authorizing RHY legislation and FYSB program requirements as described in *Section I*. Experience does not have to pertain only to past FYSB-funded program experience. Note: Experience means that a major activity of the agency has been the provision of temporary shelter, counseling, outreach, and referral services to runaway, street or otherwise homeless youth and their families. The application must specify the length and time the organization has provided these services.
4. If the agency is a current recipient of funds from ACF for services that support RHY other than those applied for in this application, it shows how the services supported by these funds are, or will be, integrated with the existing services. Note: Applicants must specifically state the other funds are from ACF if applicable.

STAFF AND POSITION DATA - 15 points

In reviewing the staff and position data, reviewers will consider the extent to which the application:

1. Includes an organizational chart that demonstrates the relationship between all positions (including consultants, sub-grants and/or contractors) to be funded through this grant. The application must provide the name of the person employed in

each position or note that the position is vacant. The application must identify the person/position who would serve as the Point of Contact (POC) for this grant. POC information must include the telephone number and email address. If the telephone number or email address is not available, the applicant must state this and describe a plan for providing a telephone number and email address to the Federal Project Officer should the application be approved for funding.

2. Provides a staffing plan that demonstrates a sound relationship between the proposed responsibilities of program staff and the educational and professional experience required for staff positions through a discussion of position descriptions and resumes or biographical sketches of key staff, including consultants, which correspond to the organizational chart. Note: Key staff is defined as those staff members responsible for direct oversight, management, or implementation of the proposed project and/or direct services to youth being served.
3. Addresses the agency's policy for conducting criminal history and child abuse registry checks on staff who come into contact with children and youth served or proposed to be served by the agency and that the policy is in compliance with State and local law.
4. Describes a plan for training project staff in the appropriate topics to safely and effectively serve street youth and to deal appropriately with the issues they will encounter while serving these youth.

BUDGET AND BUDGET JUSTIFICATION - 5 points

In reviewing the budget and budget justification, reviewers will consider the extent to which the application:

1. Includes a detailed line-item budget for the Federal and non-Federal share of project costs and demonstrates how cost estimates were derived. Detailed calculations must include estimation of methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated.
2. Demonstrates how the funds requested are necessary and essential to accomplish the scope of services as required by and consistent with the authorizing RHY legislation and FYSB program requirements as described in *Section 1*. The budget

clearly delineates any allocation of grant resources to partners. Provide narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

2. Review and Selection Process:

No grant award will be made under this announcement on the basis of an incomplete application.

Initial ACF Screening: Each application will be screened to determine whether it was received by the closing date and time and whether the requested amount exceeds the stated ceiling. Late applications or those exceeding the funding limit will be returned to the applicants with a notation that they were unacceptable and will not be reviewed.

Applications that pass the initial ACF screening will be evaluated and rated by an independent review panel made up of non-Federal reviewers that are experts in the field. The review panel will use the evaluation criteria listed in *Section V.1* to review and score the applications. The panels will assign a score (maximum 100) to each application and identify the application's strengths and weaknesses.

The results of these reviews will assist the FYSB Associate Commissioner and program staff in considering competing applications. Reviewers' scores will weigh heavily in funding decisions, but will not be the only factors considered. Applications generally will be considered in order of the average scores assigned by reviewers. However, highly ranked applications are not guaranteed funding because other factors are taken into consideration. These include, but are not limited to: geographic distribution, previous program performance of applicants, compliance with grant terms under previous HHS grants, audit reports, an applicant's progress in resolving any final audit disallowance on previous FYSB or other Federal agency grants.

The evaluation criteria were designed to assess the quality of a proposed project, and to determine the likelihood of its success. The evaluation criteria are closely related and are considered as a whole in judging the overall quality of an application. Points are awarded only to an application that is responsive to the evaluation criteria within the context of this program announcement.

FYSB has the authority to pass over ranking order based on geographic area (location) and capacity needs.

As required by the RHY Act, in making grant award decisions priority for funding shall be given to private entities with experience in providing services to runaway, homeless and street youth or eligible applicants that request grants less than \$200,000. Experience means that a major activity of the agency has been the provision of temporary shelter, street outreach, counseling, and referral services to runaway, street or otherwise homeless youth and their families, either directly or through linkages established with other community agencies.

Approved but Unfunded Applications

Applications that are approved but unfunded may be held over for funding in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

3. Anticipated Announcement and Award Dates:

Awards will be made by September 30, 2008. Unsuccessful applicants will be notified in writing after the final awards have been made.

VI. AWARD ADMINISTRATION INFORMATION

1. Award Notices:

The successful applicants will be notified through the issuance of a Notice of Award (NoA) document that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-Federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail.

Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter, signed by the Program Office head.

2. Administrative and National Policy Requirements:

Grantees are subject to the requirements in 45 CFR Part 74 (non-governmental) or 45 CFR Part 92 (governmental).

Direct Federal grants, sub-award funds, or contracts under this ACF program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this program. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, can be found at the HHS web site at: <http://www.hhs.gov/fbci/waisgate21.pdf>.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities.

Faith-based and community organizations may reference the "Guidance to Faith-Based and Community Organizations on Partnering with the Federal Government" at: <http://www.whitehouse.gov/government/fbci/guidance/index.html>.

HHS Grants Policy Statement

The HHS Grants Policy Statement (GPS) is the Department of Health and Human Services new single policy guide for discretionary grants and cooperative agreements. Unlike previous HHS policy documents, the GPS is intended to be shared with and used by grantees. It became effective October 1, 2006 and is applicable to all Operating Divisions (OPDIVS), such as the Administration for Children and Families (ACF), except the National Institutes of Health (NIH). The GPS covers basic grants processes, standard terms and conditions and points of contact as well as important OPDIV-specific requirements. Appendices include a glossary of terms and a list of standard abbreviations for ease of reference. The GPS may be accessed at http://www.acf.hhs.gov/grants/grants_related.html.

Program Administration Requirements

Applicants are advised that regulations that implement certain requirements prescribed by the RHY Act can be found at 45 CFR Part 1351.

Applicants are advised that no grant funds may be used for any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug. Prospective grantees are advised that entities that receive SOP grant funds and that operate a program of distributing sterile needles or syringes for hypodermic injections of illegal drugs, must account for all funds used for such programs separately from any expenditure of SOP grant funds (42 U.S.C. 5752). See *Section IV.5, Funding Restrictions*.

Runaway and Homeless Youth Management Information System (RHYMIS)

Grantees must agree to keep adequate statistical records profiling the youth and families served under the Federal grant and to gather and submit program and client data required by FYSB. This information is required by the RHY program legislation and defined in user-friendly RHYMIS. Recipients of a grant administered through FYSB are required and expected to submit the data via RHYMIS or in an approved format that RHYMIS can receive. Grantees have the option of using RHYMIS for internal management improvement or for research and other program needs. A RHYMIS hotline/help desk is available at 888-749-6474, and/or at rhymis_help@csc.com.

FYSB will fund computer software for RHY program data collection through RHYMIS. An applicant lacking the computer equipment (hardware) for RHYMIS data collection must include an estimated cost for such equipment in their proposed budget. If the applicant already has such equipment, this fact must be noted. (See *Section V.1, Evaluation Criteria/Budget and Budget Justification*.) (Note: Existing grantees generally report that their staff has been able to easily train themselves to operate RHYMIS due to its user-friendliness, prompts, help features, and FYSB's technical support service.)

In accordance with the Paperwork Reduction Act of 1995 (P.L. 104-13) the data collection under RHYMIS is approved under OMB control number 0970-0123, which expires September 30, 2010.

Confidentiality

Grantees shall keep adequate statistical records profiling the youth and family members whom it serves (including youth who are not referred to out-of-home shelter services), except that records maintained on

individual RHY shall not be disclosed without the consent of the individual youth and parent or legal guardian to anyone other than another agency compiling statistical records or a government agency involved in the disposition of criminal charges against an individual RHY, and reports or other documents based on such statistical records shall not disclose the identity of individual RHY youth. Moreover, section 384 of the RHY Act requires that records containing the identity of individual youth pursuant to this Act under no circumstances be disclosed or transferred to any individual or to any public or private agency.

Separate Accounting

Section 389(a) of the RHY Act requires any individual or entity who receives any funds awarded under the RHY Act and who carries out any program contained in this title to account for all funds used for such programs separately from any funds contained in this title.

Continuation of Project

An initial grant award will be for a 12-month budget period.
