

OCSE recently launched the Parenting Time Opportunities for Children, a pilot program to give child support agencies grants to develop, implement, and evaluate procedures to establish parenting time orders along with new child support orders. The goal is to learn more about how the child support program can safely and effectively give families opportunities to establish parenting time orders, thereby improving child well-being overall and related child support outcomes. This [fact sheet](#) (PDF) introduces OCSE's Parenting Time Opportunities for Children grantees.
