

Federal Fiscal Year 2017 Adoption Savings Data

(Reported as of July 2018)

Background

Since federal fiscal year (FFY) 2010, the title IV-E Adoption Assistance program has provided expanded eligibility provisions for any child who meets the criteria for an “applicable child” as defined in section 473(e) of the Social Security Act (the Act). Use of the applicable child eligibility provisions (section 473(a)(2)(A)(ii) of the Act) tends to result in more children being determined as title IV-E eligible since it delinks eligibility for the title IV-E Adoption Assistance program from the Aid to Families with Dependent Children (AFDC) requirements, among other changes. (See Program Instructions (PIs) [ACYF-CB-PI-09-10](#), dated August 29, 2009, and [ACYF-CB-PI-18-07](#), dated July 9, 2018, for more details on the applicable child eligibility criteria.)

Federal law (section 473(a)(8) of the Act) requires title IV-E agencies to spend an amount equal to any savings they achieve, as a result of applying the differing program eligibility criteria to applicable children, for other child welfare service activities permitted under titles IV-B or IV-E of the Act. These funds are referred to as “Adoption Savings.” The amount of Adoption Savings is calculated from an assessment of title IV-E Adoption Assistance program claims made on behalf of those children who, absent the applicable child eligibility criteria, would not have been determined eligible for title IV-E adoption assistance. The savings is generally equal to the federal share of these claims since, in most instances, that amount would otherwise have been paid from non-federal title IV-E agency funds.

To implement the Adoption Savings requirements, the Children’s Bureau issued PIs providing detailed guidance on the calculation, expenditure and reporting of Adoption Savings and developed a new annual reporting form, designated as Form CB-496 Part 4, to collect the information. See program instructions [ACYF-CB-PI-15-06](#) and [ACYF-CB-PI-15-09](#) for details on these instructions.

Beginning with FFY 2015, title IV-E agencies are required to calculate and report annually their Adoption Savings, the methodology used to calculate the savings, how savings are spent, and on what services. A portion of the expenditures of Adoption Savings funds must be used for specified services.

In calculating Adoption Savings, title IV-E agencies must use a methodology specified by the Administration for Children and Families Children’s Bureau (CB) or may propose an alternative for approval. The methodology developed and issued by CB is referred to as “the CB Method.” This method could be applied either to a sample of cases or to the full universe of cases if the agency was able to access actual figures for needed information without conducting a special review.

The statute also requires that the annual Adoption Savings information reported by state and tribal title IV-E agencies be posted on the CB website.

This publication reflects data for FFY 2017 Adoption Savings data, as reported on each title IV-E agency’s Form CB-496 Part 4 submission through July 2018.

FFY 2017 Adoption Savings Highlights

The Children’s Bureau has compiled key data from each title IV-E agency’s most recent report of Adoption Savings, as reported on the agency’s Form CB-496 Part 4 submission. Some highlights of the FFY 2017 Adoption Savings reporting include:

- All sixty-one (61) state and tribal title IV-E agencies required to submit a report for FFY 2017 did so. Fifty-six (56) title IV-E agencies calculated Adoption Savings using the CB Method (with 14 using sampling and 42 actual amounts). Five (5) title IV-E agencies calculated Adoption Savings using an Alternate Approved Method.
- These 61 title IV-E agencies reported calculating a national total of **\$149,606,527** in Adoption Savings associated with **29,111** children for the reporting period. These numbers represent an increase from FFY 2016 reported data of **37%** and **36%**, respectively,
- A cumulative calculated national total of **\$332,594,085** in Adoption Savings was reported through FFY 2017. These amounts are for FFY 2015 through FFY 2017.
- A national total of **\$93,602,585** in Adoption Savings funds was reported as expended in FFY 2017. These expenditures are of funds calculated in either FFY 2015, FFY 2016 or FFY 2017. The largest portion of these expenditures (45%) was for Post-Adoption or Post-Guardianship Services. The FFY 2017 expenditures represent an increase of **73%** from amounts reported in FFY 2016.
- A cumulative expenditure national total of **\$177,566,590** in Adoption Savings funds was reported through FFY 2017. These amounts are from calculated Adoption Savings for FFY 2015, FFY 2016 and FFY 2017.
- The remaining cumulative reported calculated Adoption Savings that were unexpended as of the close of FFY 2017 is a national total of **\$155,027,495**. These funds must be expended in a future FFY.

Information on each title IV-E agency's FFY 2017 calculated Adoption Savings is contained in Table 1 and the FFY 2017 expenditure information in Table 2, shown below.

The information reflects data reported as of July 2018.
