\* All 50 states plus the District of Columbia and Puerto Rico are required to collect and report NYTD data. States were required to collect baseline outcomes information from youth who turned age 17 while in foster care in FFY 2011. At follow-up, states were required to survey youth during the six-month reporting periods in which they turned age 19 (in FFY 13) and 21 (in FFY 15).

The NYTD survey asks youth whether there is currently at least one adult in their life to whom they can go for advice or emotional support. The NYTD survey questions are in Appendix B of the NYTD regulation, available at: <http://www.gpo.gov/fdsys/pkg/FR-2008-02-26/pdf/E8-3050.pdf>
