

## **Summary of Changes between the 2008 and 2011 Versions of the SACWIS Assessment Review Guide**

The SACWIS Assessment Review Guide as updated for 2011 includes changes related to the new reporting requirements related to the National Youth in Transition database, and State initiatives and activities associated with Fostering Connections. If States have introduced pilot projects as described in ACYF-CB-PI-10-05, they are also expected to comment on these in their update to the Guide. The changes to the Guide may be found as follows:

- In Appendix B, at question #72, Produce Other Federal Reports (page B-45), there is an addition asking responding States to describe how the system generates required Federal reporting, *such as the National Youth in Transition (NYTD) reports and the data used for Form CB-496, the Title IV-E Programs Quarterly Financial Report (formerly IV-E1);*
- In Appendix C, at Question #22, related to Other State Initiatives (page C-5), an addition extends the scope of this question describing system support to State child welfare initiatives, *including new program initiatives related to the Fostering Connections to Success and Increasing Adoptions Act of 2008 (P.L. 110-351) or pilot projects that may impact SACWIS compliance and that are operated under the provisions of Program Instruction ACYF-CB-PI-10-05.*

Additional minor editorial changes have been made throughout the document. Please contact your Federal analyst if you have additional questions regarding the contents of the 2011 SACWIS Assessment Review Guide.
