# Family First Planning Process

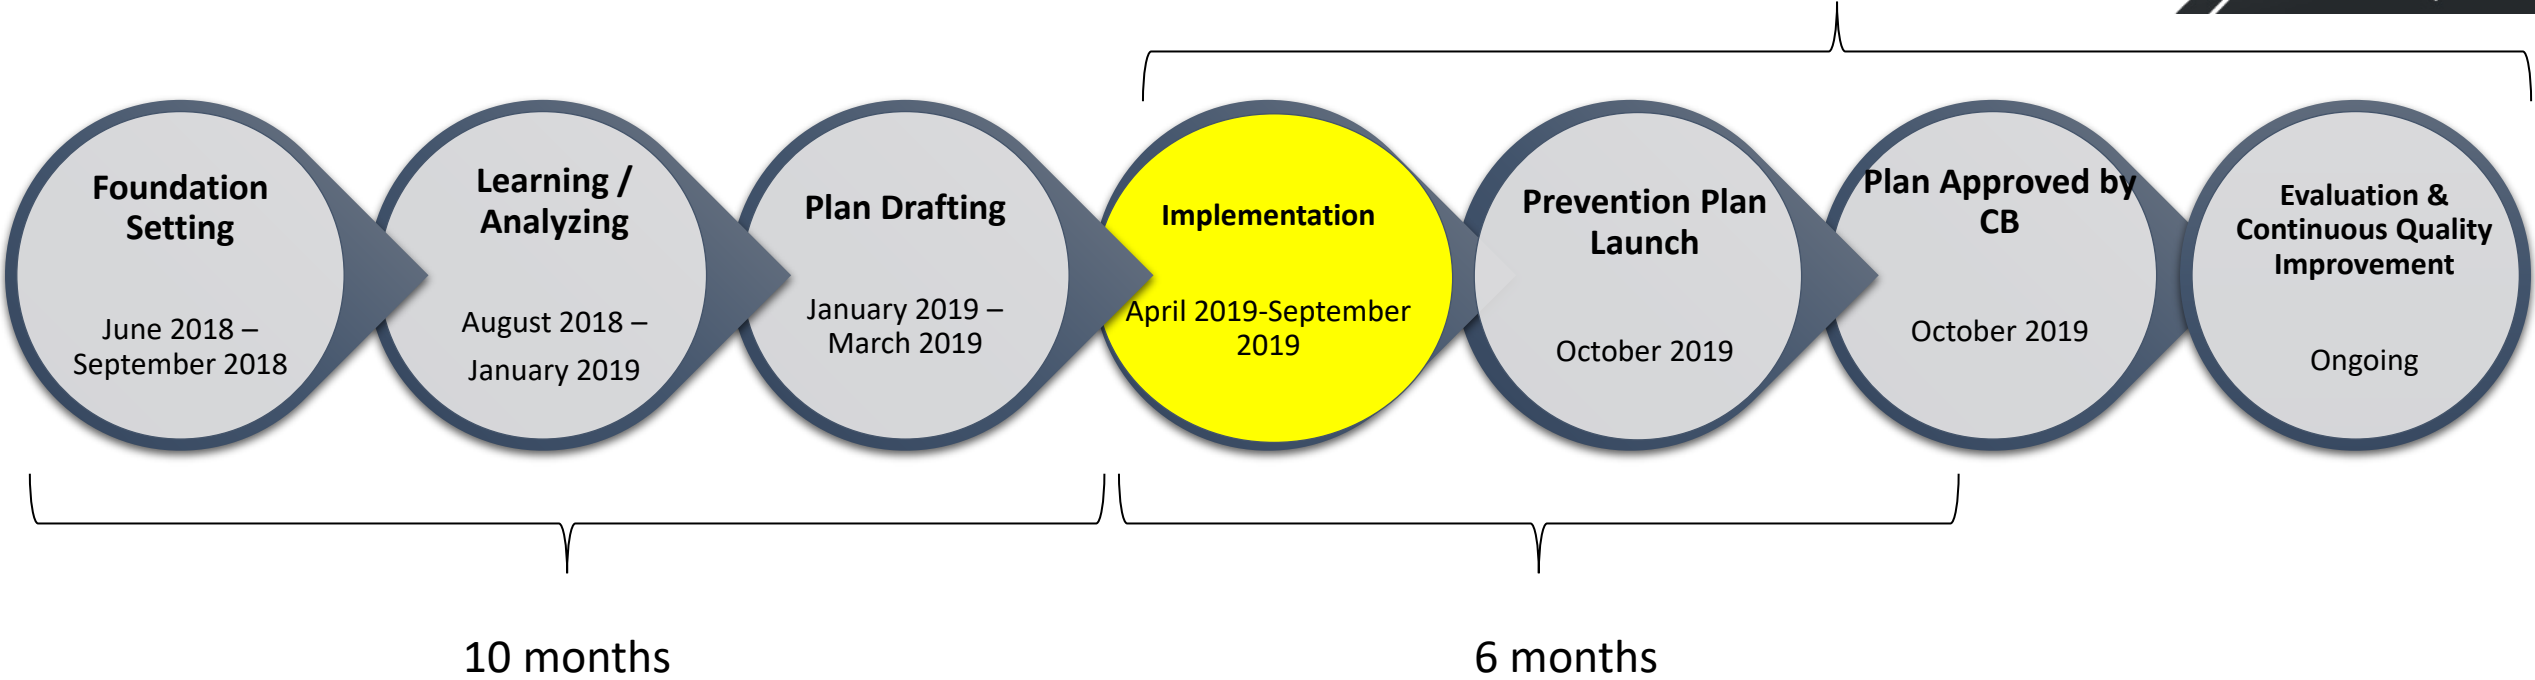

- Established a cross-agency, cross-sector work group
- Clear charge: create a citywide plan to strengthen families and keep children safe
- Family First Prevention Services Act is an opportunity, not an end game

# Work Plan Overview

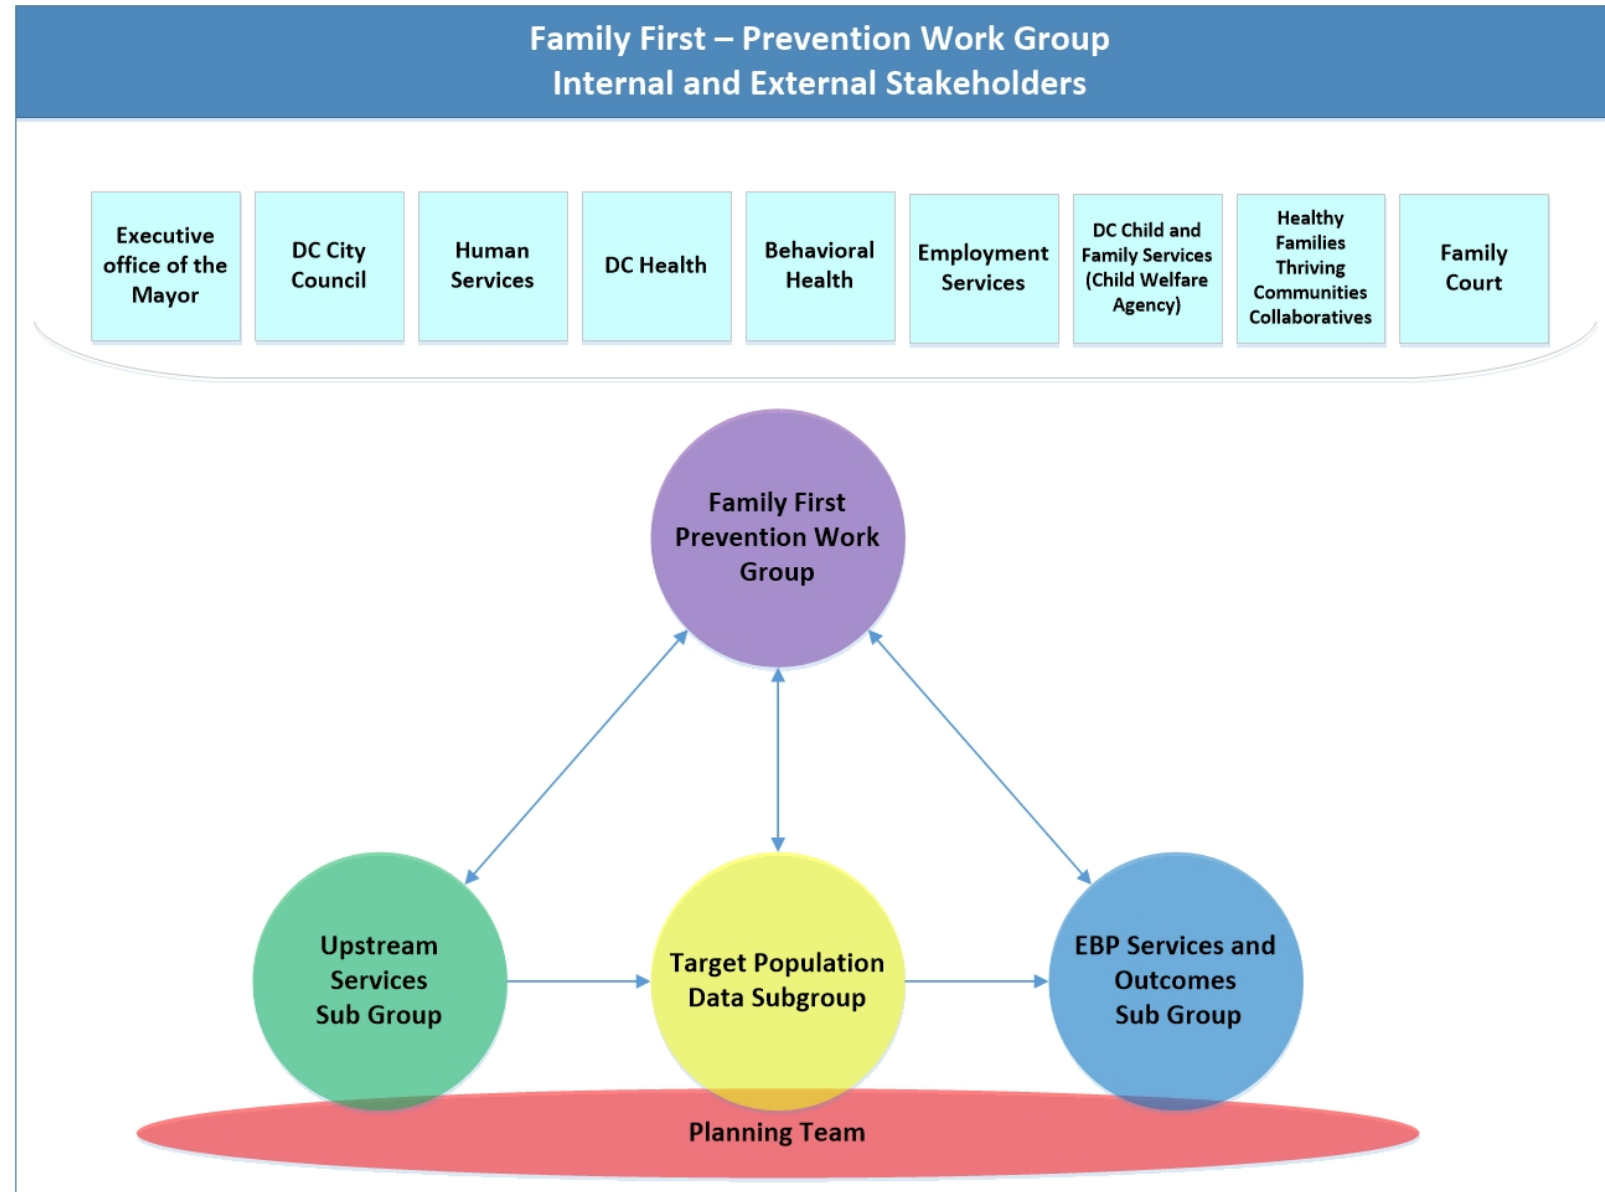

Ongoing Implementation

# Prevention Work Group

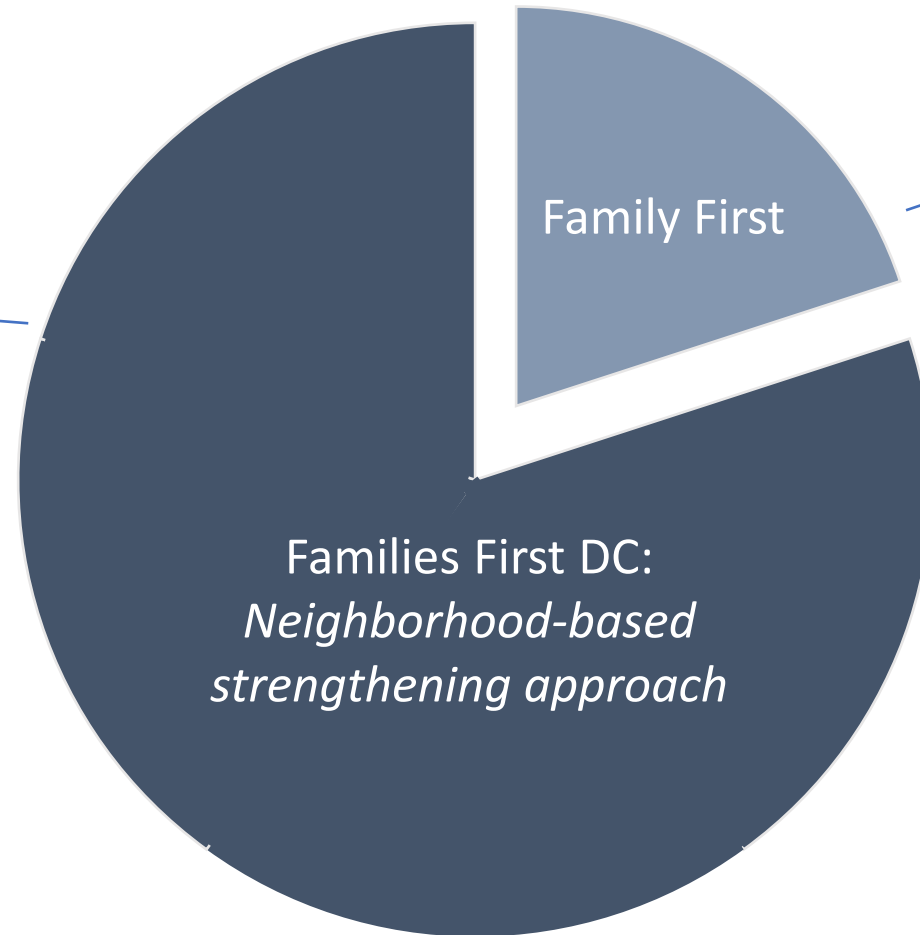

*June 2018 – April 2019 (10 months)*

- **Reviewed CFSA and partner data** and obtained input on potential target populations and services
- Conducted client and provider **focus groups**
- Identified **target populations for services**, including upstream (primary prevention) target populations and candidates for foster care
- Recommended the best-fit **evidence-based interventions** to meet DC families' specific service needs.
- Articulated a **broad vision** for prevention in DC.

# Family First (CFSA) + Families First DC

**Wraps around the narrow requirements of Family First to support and strengthen DC families in their own neighborhoods through primary prevention.**

**Evidence-based programs to support pregnant & parenting youth in foster care and foster care candidates**

# Upstream Target Populations: The Beginning of a Citywide Prevention Strategy

## ***Department of Behavioral Health (Mental Health and Substance Use Treatment):***

- *Pregnant and parenting women with SUD needing residential drug treatment*
- *Parents and young children with behavioral/trauma needs*
- *Parents and teens with behavioral/trauma needs*

## ***DC Health – Home-visiting Programs:***

- *Children of caregivers who are living with or identified as high risk of living with post partum depression*
- *Children of caregivers with less than a HS diploma/GED*

## ***Collaboratives (Community-based case management providers):***

- *Families in need of housing and income supports*

## ***Department of Human Services (Public Benefits/Homeless Services):***

- *Children of caregivers with less than a HS diploma/GED*
- *Children of caregivers with a history of unstable housing*
- *Children of caregivers struggling with substance abuse and mental health issues*

# **Family First Prevention Services Act Focus**

## **Children Engaged in CFSA Preventive Services**

- Children referred to/receiving in-home services
- Children referred to/receiving services from the Collaboratives via CFSA (following investigation, in-home)
- Children with cases closed following investigations or FA with medium/high risk

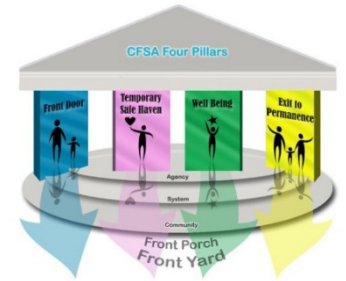

## **Children with Immediate Family Members in Foster Care**

- Children of foster youth
- Children of youth who recently exited foster care
- Siblings of children in foster care

## **Children at Risk for Re-Entry**

- Children exiting to permanency or who have recently exited to permanency

# Family First Target Populations

## Target Sub-Populations

### Front Porch

- (1) Children served through the Healthy Families/Thriving Communities Collaboratives (the Collaboratives) following a CPS investigation or closed CFSA case.
- (2) Children who have exited foster care through reunification, guardianship, or adoptions and may be at risk of re-entry.
- (3) Children born to mothers with a positive toxicology screening.

### Front Door

- (4) Children served through CFSA's In-Home Services program, which offers intensive case management and service referrals to families.
- (5) Pregnant or parenting youth in/recently exited foster care with eligibility for services ending at age 21.
- (6) Children of pregnant or parenting youth in/recently exited foster care (non-ward children) with eligibility for services ending five years after exiting foster care.
- (7) Siblings of children in foster care who reside at home and have assessed safety concerns.

# Basis for Identification of Candidates

- Risk level / risk assessment score\*
- Recent substantiation\*
- Historic likelihood of entering foster care

*\*Informs Agency business process decisions.*

# Family First Prevention - Internal Implementation Team

*April 2019 – Present (10 months)*

- Key internal **stakeholder meetings** to answer plan development and implementation questions.
- Used Chapin Hall's **Readiness Assessment, Planning, and Implementation tool** as a framework for meeting with CFSA subject matter experts (SMEs).
- Initial meetings to inform plan development served as a **kick-off for CFSA's implementation team** to answer critical questions to craft our prevention plan.
- **Shifted from plan development to implementation** efforts following the submission of our Plan to the Children's Bureau.

# Staff Training

All CFSA and Collaborative case-carrying receiving training in:

- New steps to document and manage prevention plans in FACES.net (CFSA's system of record)
- Motivational Interviewing

# Family Work Prevention Work Group: New Role

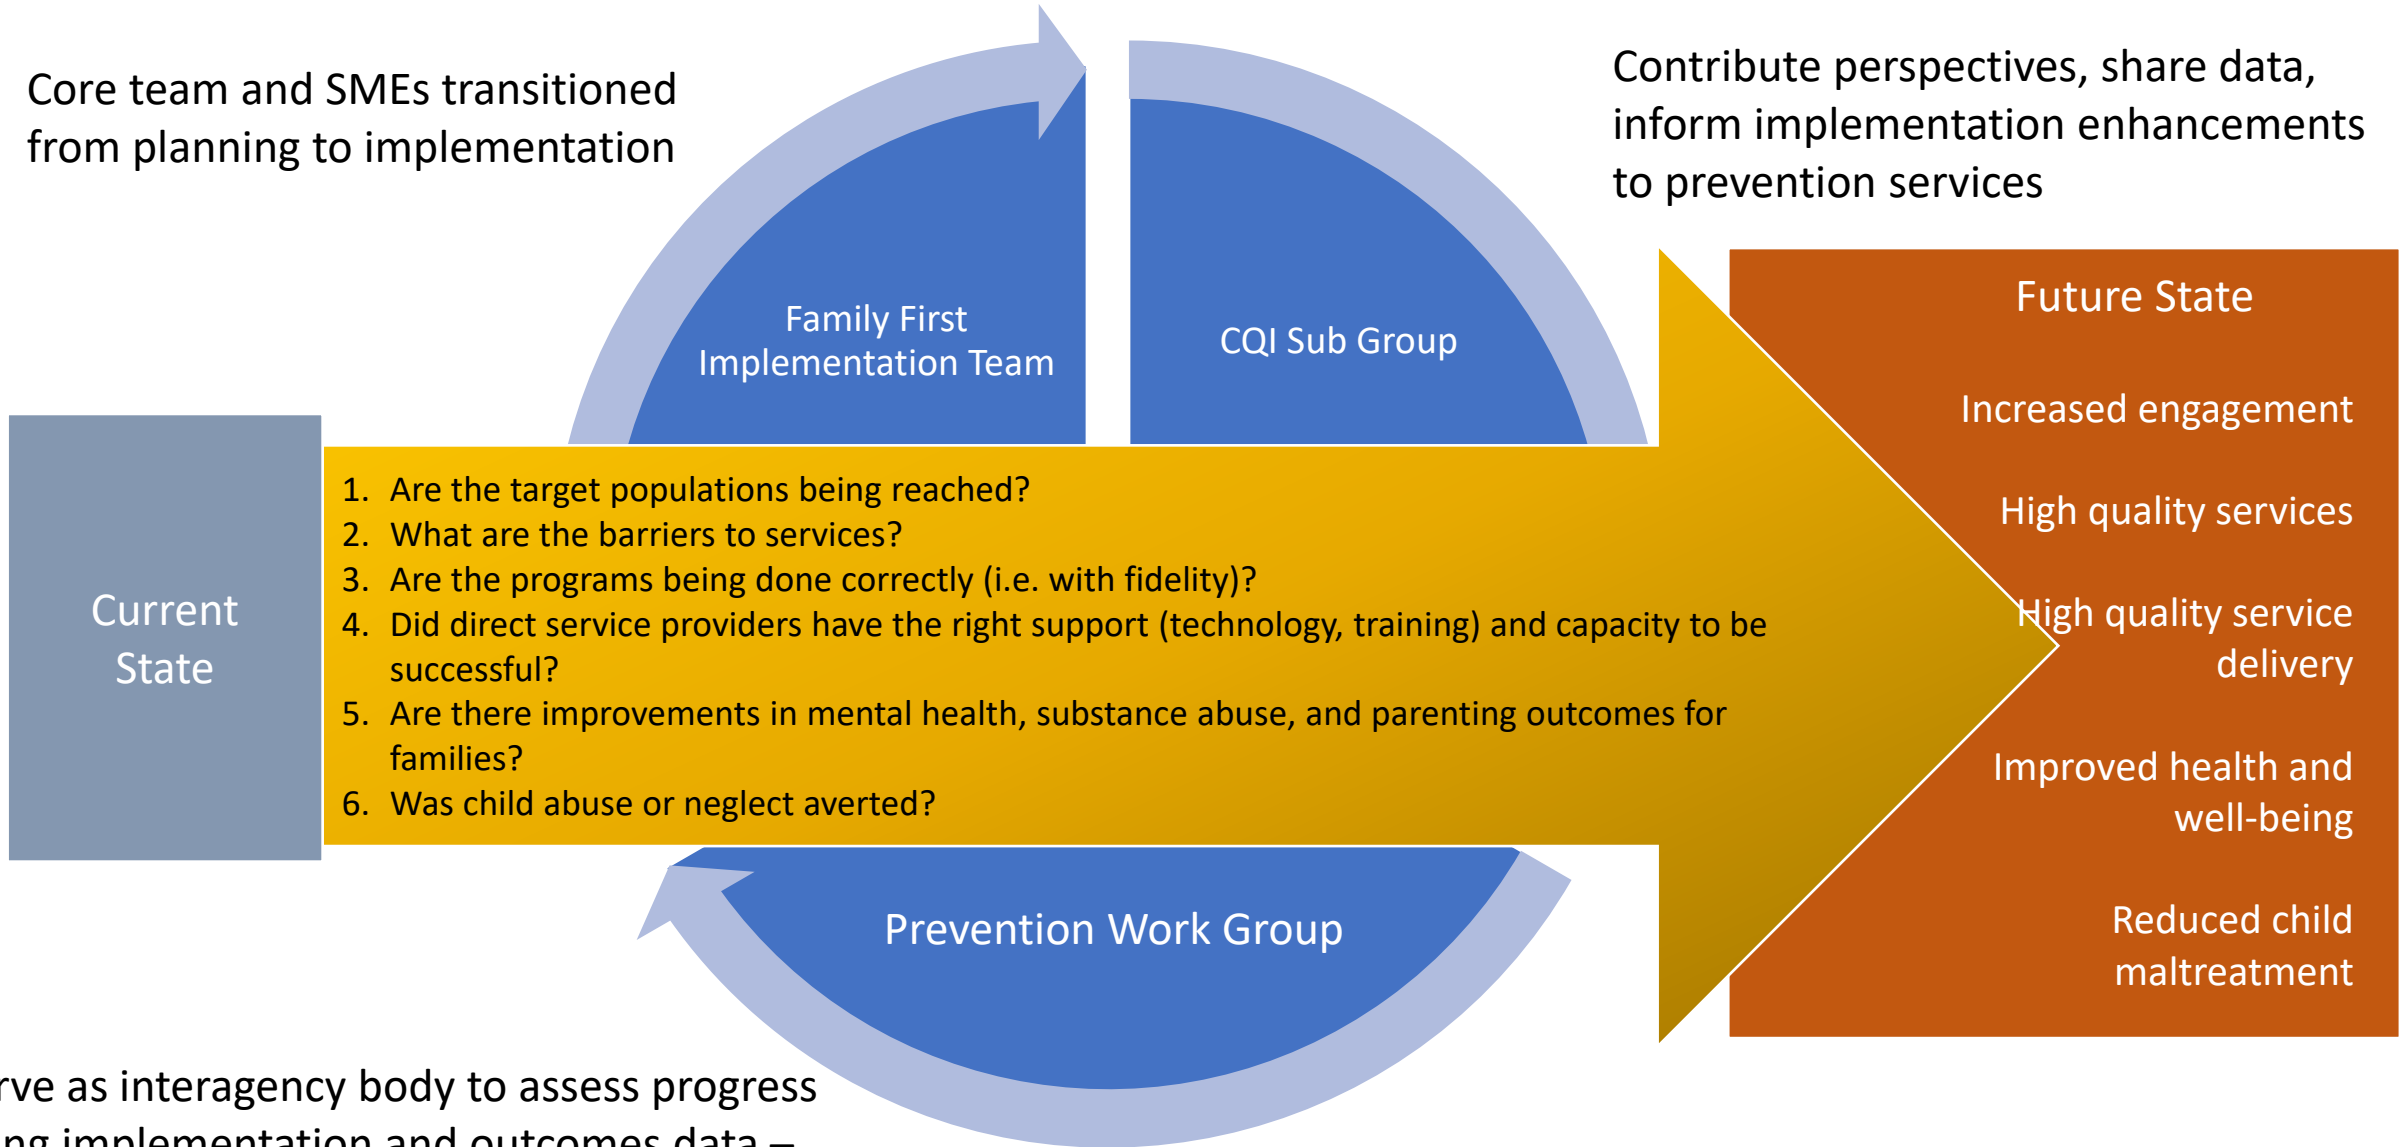

- Serve as interagency body to **assess progress using implementation and outcomes data** –
  - Gauge the effectiveness of implementation, whether outcomes are being achieved, and determine changes as needed to improve prevention services.
- **Designate staff to CQI subgroup** to contribute perspectives, share data, inform implementation enhancements to prevention services

# What does CQI look like for Family First and the Comprehensive Prevention Services Array?

Core team and SMEs transitioned from planning to implementation

Contribute perspectives, share data, inform implementation enhancements to prevention services

Serve as interagency body to assess progress using implementation and outcomes data – CQI and evaluation outcomes

# UTAH IV-E PREVENTION PROGRAM PLAN

## *Approach*

# Approach

---

- Committed to taking advantage of new IV-E funding to support families as early as possible
- Recognized FFPSA limit to prevent entry into foster care; deeper end of prevention continuum
- Considered capacity and competing demands
- Made deliberate decision not to focus on whole prevention continuum at once

# Approach

---

- Built on IV-E waiver, focus on strengthening parents' capacity to safely care for their children and safely reducing the need for foster care
- Started with those most at risk for foster care (current child welfare clients and juvenile justice youth)
- Will establish solid foundation with approved plan
- Will expand capacity and bolster broader prevention continuum over time; vision to prevent maltreatment

# UTAH IV-E PREVENTION PROGRAM PLAN

## *Planning Process*

# Planning Process

---

- Directed by executive governing body
  - Human Services department and division directors
  - Parent representation
- Orchestrated by project management team
- Targeted prevention program components through workgroups consisting of staff and stakeholders
  - Program operations
  - Service development

# Planning Process

---

- Involved program staff, CCWIS, finance, data, evaluation/CQI, procurement, training, from start
- Engaged with stakeholders, such as legal partners, community providers, agency field staff, clients
- Engaged research partners
  - Research studies to establish evidence-base
  - Independent systematic review of program research
  - Evaluation strategies for EBPs

# Planning Process

---

- Determined initial scope for project
  - Candidate definition
  - Client needs (e.g., CANS waiver data)
  - Availability, effort, and resources for start-up of EBPs, and provider interest and capacity
- Utilized existing system where feasible
  - Tools to assess safety, risk, and needs to determine candidacy and for prevention plan
  - Automate where possible (CCWIS)

# UTAH IV-E PREVENTION PROGRAM PLAN

## *Plan Document*

# Plan Document

---

- Program Instructions (ACYF-CB-PI-18-09)
  - Cross between IV-E plan preprint and CFSP narrative
- Limited plan to IV-E Prevention Program, not continuum
  - Solidify operational foundation
  - Expand capacity through amendments
- Created broad definition of prevention candidate
  - Initial implementation narrowed
  - Caution not to put children on trajectory for foster care

# Plan Document

---

- Made choices for preparing plan content
  - Followed instructions precisely (e.g., section order, headings, address specific questions)
  - Analyzed preprint (not everything required law, regulation, or policy)
  - Addressed required elements for each service
    - Specific manual for version, target population, and outcomes
    - Plan to implement, monitor for fidelity, and conduct CQI activities, and evaluation strategy

# Plan Document

---

- Additional Plan Tips
  - Differentiate between assuring fidelity/CQI activities and EBP evaluations; be very detailed in these sections
  - If Clearinghouse has rated a program well-supported, must analyze reasons and articulate why it is compelling not to evaluate further
  - For evaluation strategies, be thorough and give thought to purpose, e.g., adding to level of evidence

# UTAH IV-E PREVENTION PROGRAM PLAN

*Working with  
Regional Office*

# Regional Office

---

- Frequent communication with regional office
  - Submit questions in writing
  - Discuss process and time frames
  - Determine how to address items that need additional attention
  - Address next steps (e.g., how to submit a revision or an amendment)

## Title IV-E Prevention Program Five-Year Plans: Service Selection

### TIP: Allowable Services

- Rated by the title IV-E Clearinghouse as promising, supported, or well-supported  
**OR**
  - Approved designation through the Independent Systematic Review process
- \* Note: Adaptations are allowable if either of the above criteria are met*

### TIP: Version

- Include information about the book/manual/available documentation for **each program or service**

### TIP: Claiming

- Clearly differentiate between programs or services requesting to claim reimbursement and those that are part of the larger prevention continuum

## **Title IV-E Prevention Program Five-Year Plans: Service Selection**

**Locate book/manual on program or service on the Title IV-E Clearinghouse** (<https://preventionservices.abtsites.com>)

- Find a Program or Service
  - [Select Program or Service]
    - Program or Service Delivery and Implementation
      - Program or Service Documentation
        - Book/Manual/Available documentation

**Locate status of Independent Systematic Reviews on Children's Bureau IV-E Prevention Plan website**

- Webpage: Status of Submitted Independent Systematic Reviews to Claim for Transitional Payments (<https://www.acf.hhs.gov/cb/resource/title-iv-e-independent-systematic-reviews>)

## Title IV-E Prevention Program Five-Year Plan: Monitoring Child Safety

### **TIP: Risk Assessment**

- Include plan for monitoring child safety during the 12-month period
  - Instruments or protocols used for monitoring child safety
  - Time periods/intervals for assessments
  - Relationship with contracted providers in assessing child safety

### **TIP: Reexamination of the Prevention Plan**

- If the state determines the risk of the child entering foster care remains high despite provision of services

*Note: Reexamination may include determinations regarding appropriateness of programs and services, need for further intervention, and decisions regarding case closure*

# Title IV-E Prevention Program Five-Year Plans: Continuous Monitoring

## **TIP: Monitoring and Implementation**

- Describe the implementation plan within the state; and
- Plan to ensure fidelity to the model

## **TIP: Outcomes**

- Include processes used to identify outcomes achieved; and
- Mechanisms for gathering, organizing, and tracking information

## **TIP: Feedback Loop**

- Describe how information will be used to refine and improve practice

## Title IV-E Prevention Program Five-Year Plans: Well-Designed and Rigorous Evaluation

### **TIP: Well-Designed and Rigorous Strategy**

- Specific to each program or service
- Comprehensive strategy

### **TIP: Evaluation Waiver**

- Allowable for programs or services with a well-supported rating
- Must include evidence of the effectiveness of the practice to be compelling
  - Crosses more than one target domain
  - Demonstrates effectiveness with child welfare populations

*Note: Continuous monitoring requirements must be met for all programs and services including in the plan.*

## Title IV-E Prevention Program Five-Year Plans: Well-Designed and Rigorous Evaluation

### **TIP: Evaluation Components**

- Specific research questions, target population, and outcomes
- Research design and logic model/theory of change
- Specificity about data collection procedures, sampling, and analysis plans
- Discussion of potential weaknesses or study limitations

### **TIP: Alignment**

- The proposed evaluation strategy should align from beginning to end
  - Research Questions, Design, Data Collection, Analytic Strategy

*Note: Resources to support the development of an evaluation strategy (e.g. IM-19-04 Evaluation Plan Development Tip Sheet, Program Manager's Guide to Evaluation)*

# Title IV-E Prevention Program Five-Year Plans: Independent Systematic Review Process

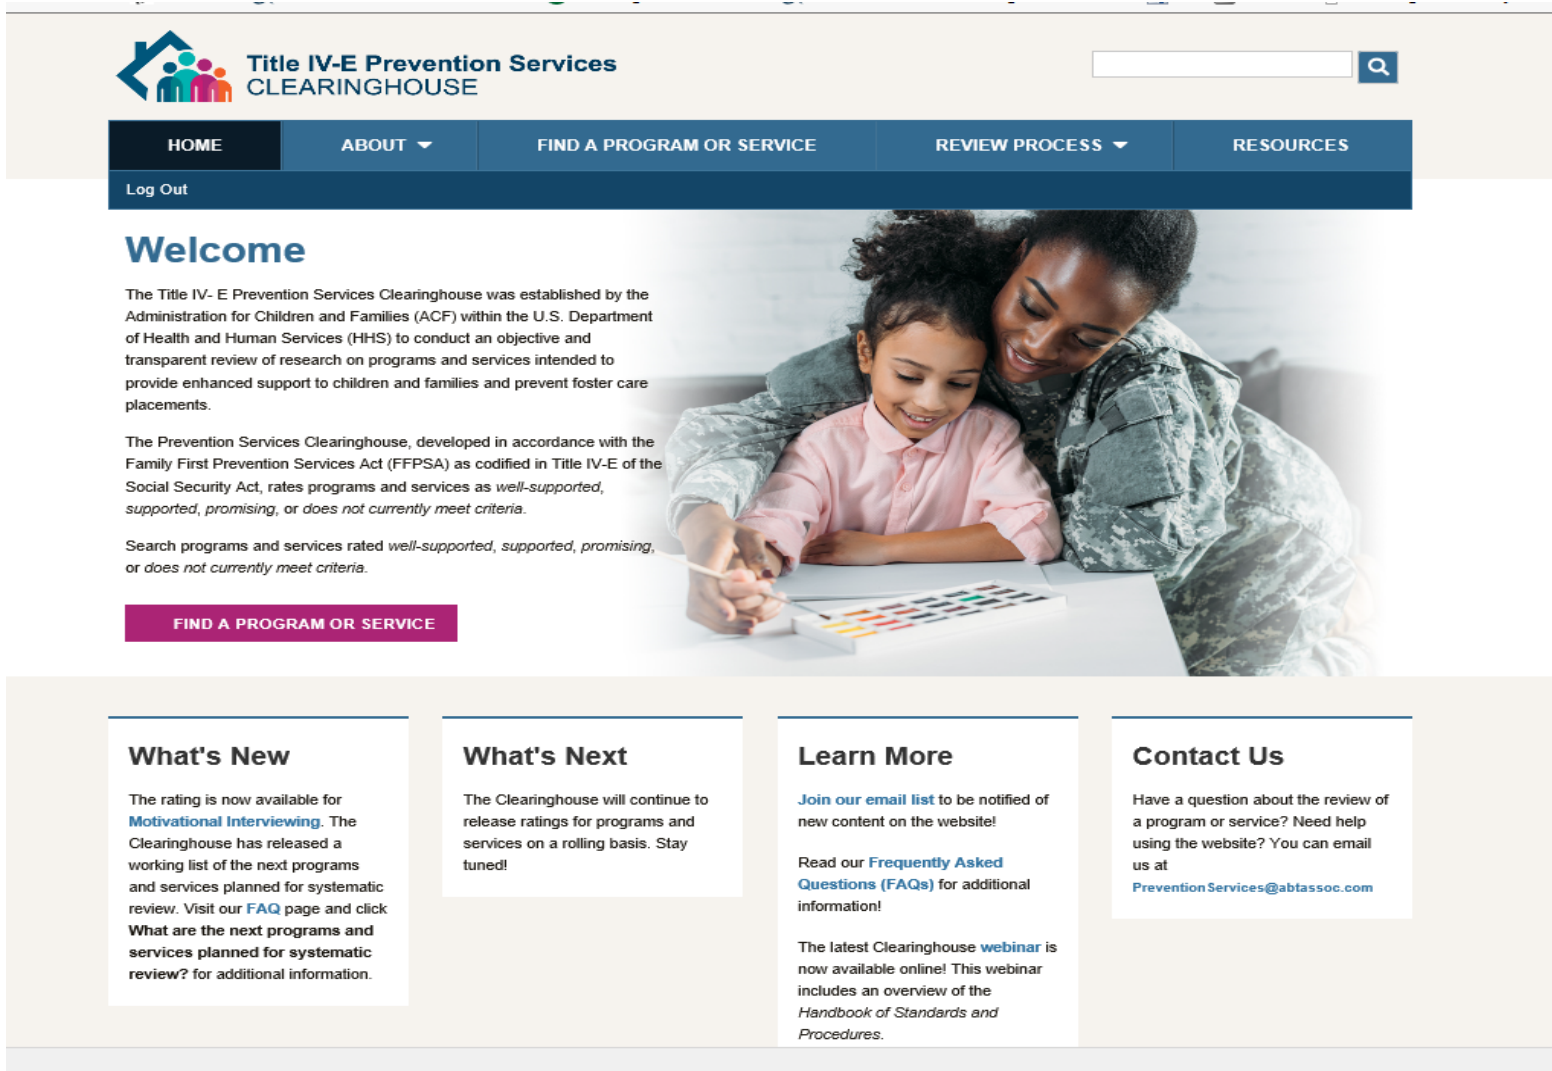

## Independent Systematic Review Resources

- HHS has available resources to support the request for transitional payments through the independent systematic review process
  - Program Instruction, Title IV-E Clearinghouse Manual
  - Status of Submitted Independent Systematic Reviews to Claim for Transitional Payments, <https://www.acf.hhs.gov/cb/resource/title-iv-e-independent-systematic-reviews>

## TIP: Submission and Approval

- Must be submitted and approved as part of a title IV-E prevention program five-year plan

## Welcome

The Title IV- E Prevention Services Clearinghouse was established by the Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) to conduct an objective and transparent review of research on programs and services intended to provide enhanced support to children and families and prevent foster care placements.

The Prevention Services Clearinghouse, developed in accordance with the Family First Prevention Services Act (FFPSA) as codified in Title IV-E of the Social Security Act, rates programs and services as *well-supported*, *supported*, *promising*, or *does not currently meet criteria*.

Search programs and services rated *well-supported*, *supported*, *promising*, or *does not currently meet criteria*.
