National	89%	79%	75%

* All 50 states plus the District of Columbia and Puerto Rico are required to collect and report NYTD data. States were required to collect baseline outcomes information from youth who turned age 17 while in foster care in FFY 2011. At follow-up, states were required to survey youth during the six-month reporting periods in which they turned age 19 (in FFY 13) and 21 (in FFY 15).

*The NYTD survey asks youth whether they are receiving Medicaid or some other type of health insurance coverage. Results in this table indicate the percentages of youth reporting "yes" to at least one of the health insurance questions. The NYTD survey questions are in Appendix B of the NYTD regulation, available at:
