PURPOSE:

This Program Instruction (PI) summarizes the actions required under title IV-B, subparts 1 and 2 of the Act, the Child Abuse Prevention and Treatment Act (CAPTA), and Federal regulations at 45 CFR Part 1357 in order for States and Indian Tribes to receive their allotments of Federal funds for fiscal year (FY) 2002 under title IV-B and CAPTA (subject to the availability of funds).

BACKGROUND:

In order to receive title IV-B and the Child Abuse Prevention and Treatment Act (CAPTA) funds for fiscal year 2002, States and Indian Tribes are required to submit the Annual Progress and Services Report (APSR) by June 30, 2001. The Federal regulation at 45 CFR Part 1357.15 requires States and Indian Tribes to submit a five-year plan and to update that plan each of the remaining years by submitting the APSR (45 CFR 1357.16). The APSR must contain information on the progress made on **each** goal and objective established in the Child and Family Services Plan (CFSP), changes made to the goals and objectives, and descriptions of the child welfare services provided by the State or Tribe. This PI references the items in the Federal regulation that must be included in the APSR, including information on CAPTA and the Chafee Foster Care Independence Program (CFCIP). Additionally, this PI contains those requirements that have not yet been codified in Federal regulation, but are required by statute.

In addition to meeting the requirements of title IV-B, subparts 1 and 2, States must include in their APSR information on their independent living programs under title IV-E of the Act (see section 1357.15(a)(2)(I)). The Foster Care Independence Act of 1999 (P.L. 106-169) was enacted on December 14, 1999. P.L. 106-169 amended section 477 of the Act to make additional funds available to States and provide them with greater flexibility in carrying out programs to help youth make the transition from foster care to self-sufficiency. The section below, "Chafee Foster Care Independence Program", provides additional information.

The CFS-101 is also to be submitted with the APSR. The CFS-101 has two parts. Part I is the budget request form that States and Indian Tribes must complete and submit to request their title IV-B, CAPTA and CFCIP funds. Part II is the Annual Summary of Child and Family Services form for States and Indian Tribes to include the estimated amount of funds to be spent in each program area by source, the estimated number of individuals or families to be served, and the geographic service area within which the service to be provided.

Child Abuse Prevention and Treatment Act State Plan (States only)

Section 106(b)(1)(A) of CAPTA requires the submission of a CAPTA State program plan every five years. In order to help States plan comprehensively for the full array of child welfare services, from prevention and protection through permanency, the CFSP and the CAPTA plans were consolidated beginning with FY 2000 (see ACYF-CB-PI-99-07). Therefore, States are required to provide an update on the progress in achieving stated goals and service delivery under CAPTA in the APSR.

Please note that compliance with the eligibility requirements for a CAPTA State plan is a prerequisite for eligibility for funds under the Children's Justice Act State Grant Program authorized by Section 107(a) of CAPTA.

Although consolidation of CAPTA into the title IV-B planning process is required, pooled funding among the programs is not allowed, since separate funding streams and accountability are still required by statute. States must comply with statutory and regulatory provisions as they apply to their title IV-B and CAPTA programs. Eligibility and funding for the individual programs are kept separate and funding will not be delayed for one program due to potential eligibility issues in the other program.

Chafee Foster Care Independence Program (CFCIP) (States and Puerto Rico)

The Foster Care Independence Act of 1999 authorizes States to apply for funds for a period of five consecutive fiscal years by submitting a plan that meets specified requirements in section 477(b)(2) of the Act. To assist States in planning comprehensively for the full array of child welfare services, from prevention and protection through permanency, we are consolidating the CFSP and the CFCIP plans. This consolidation is consistent with both the requirements in CFCIP (see section 477(b)(3)(F)) and the regulation on the comprehensive CFSP (see 45 CFR 1357.15). The CFCIP requires a certification by the chief executive officer of the State to "...make every effort to coordinate the State programs ... with other Federal and State programs for youth..." (section 477(b)(2)(F)). The regulations for the CFSP require States to include information on their independent living program under title IV-E of the Act in the CFSP and the APSR in order to be eligible for funds under title IV-B. In addition, such consolidation reduces duplicative information requirements for the CFSP and the CFCIP plans.

In order to bring the two State plans into the same time frame, States applying for CFCIP funds are required to submit a four-year (FY 2001 – 2004) CFCIP plan with the APSR, due no later than June 30, 2001. Instructions for developing the CFCIP plan are in ACYF-CB-PI-01-02, issued February 13, 2001 (see Attachment B). In addition to submitting a four-year CFCIP plan, States and Puerto Rico are required to provide an annual update to their CFCIP plan for each of the four years under the plan, which is incorporated into the APSR.

As a prerequisite to receiving CFCIP funds for FY 2000, all States had to submit an application for CFCIP funds under Program Instruction ACYF-CB-PI-00-04, issued April 20, 2000. The application process was an abbreviated one due to the passage of the Foster Care Independence Act in December, 1999, and represented a one-year plan. Accordingly, States will address the activities conducted during FY 2000 in their June 30, 2001, APSR as instructed in ACYF-CB-PI-01-02.

The CFS-101, Part I, Annual Budget Request form has been modified to reflect the new name for the independent living program and for requesting funds. The CFS-101, Part II, Annual Summary of Child and Family Services form, has also been modified to reflect the CFCIP. These forms can be found at Attachment E.

Indian Child Welfare Act

In 1978, the Indian Child Welfare Act (ICWA) was enacted. Indian Tribes were granted extensive jurisdiction in child welfare cases involving Indian children, recognizing "that there is no resource that is more vital to the continued existence and integrity of Indian Tribes than their children." ICWA "established minimum standards for the removal of Indian children from their families and the placement of such children in foster or adoptive homes, which will reflect the unique values of Indian culture." States are required to comply with this law in their child welfare practices. Many States have policies and procedures that address the specific elements laid out in the legislation. However, there were no Federal requirements for States reporting on ICWA compliance in either the legislation or subsequent regulations.

In October 1994, P.L. 103-432 was passed, which amended the Social Security Act. This statute amended section 422(b) by adding paragraph (11) that requires States, in consultation with Tribes and Tribal organizations, to describe the specific measures taken by the State to comply with ICWA. (Tribal organizations are defined in Section 4 of P.L. 93-638, the Indian Self-Determination and Education Assistance Act). Additionally, States are to provide an update to the goals and activities that have been undertaken, and will be completed, to improve, or maintain, compliance with ICWA. The major ICWA requirements are listed under Attachment A to provide a clear understanding of what the law requires.

Consultation with Tribes:

A central element of P.L. 103-432 is that the States' actions must be developed "after consultation with Tribal organizations." Tribes and Tribal organizations determine who speaks for them. The nature of the State/Tribal relationship should be reflected in appropriate persons of authority (high level leaders, officials or managers) from both the State and Tribe participating in consultations/meetings. A face-to-face contact with Tribes and Tribal organizations, providing an opportunity for everyone to speak, is seen as an optimal format. Existing forums for State/Tribal discussion may be used to meet this requirement. Flexibility must be allowed to meet individual situations.

In those States where there are no Federally recognized Tribes, other resources such as urban Indian organizations and national Indian organizations should be consulted. Tribes and States have suggested several activities that would be helpful in achieving State compliance with ICWA. Optional areas that States may choose to address in their CFSP include: training programs about ICWA for State employees; development of State caseworker compliance expectations or measures; and State partnership agreements with Tribes and Tribal organizations, for example, Tribal-State agreements on training.

Other suggested activities include: developing culturally appropriate standards for American Indian foster home licensing, recruiting of Indian foster homes, promoting relative placement of Indian children, and recognizing and using tribal licensed foster homes for the placement of Indian children.

Intercountry Adoption Act of 2000

On October 6, 2000, the Intercountry Adoption Act (ICAA) of 2000 (P.L. 106-279) was signed into law. The ICAA provides for the implementation by the United States of the Hague Convention on Protection of Children and Cooperation in Respect to Intercountry Adoption. The purposes of this Act and the Convention are:

- “to protect the rights of, and prevent abuses against, children, birth families, and adoptive parents involved in adoptions (or prospective adoptions) subject to the Convention, and to ensure that such adoptions are in the children’s best interests; and
- to improve the ability of the Federal Government to assist United States citizens seeking to adopt children from abroad and residents of other countries party to the Convention seeking to adopt children from the United States.” (Section 2(b)(2-3))

The ICAA, among other things, amended title IV-B, subpart 1, by adding paragraphs 13 and 14 to section 422(b). These paragraphs are as follows:

“Each plan for child welfare services under this subpart shall --

(13) contain a description of the activities that the State has undertaken for children adopted from other countries, including the provision of adoption and post-adoption services; and

(14) provide that the State shall collect and report information on children who are adopted from other countries and who enter into State custody as a result of the disruption of a placement for adoption or the dissolution of an adoption, including the number of children, the agencies who handled the placement or the adoption, the plans for the child, and the reasons for the disruption or dissolution.”

These requirements were effective upon enactment and must be reported on in the APSR.

Additionally, the ICAA **does not** affect the application of the Indian Child Welfare Act of 1978.

FY 2001 Appropriations and Estimated FY2002 Allotments

For FY 2001, Congress has appropriated a total of \$291,986,000 for the Child Welfare Services State Grant Program, \$285,950,000 for the Promoting Safe and Stable Families Program for States, \$3,050,000 for the Promoting Safe and Stable Families Program for eligible Indian Tribes, \$21,026,000 for CAPTA, and \$140,000,000 for CFCIP. The amount of each grantee's final allotment for FY 2001 under title IV-B and CAPTA is listed in Attachment D. Also, the FY 2002 estimated allotments for States and Indian Tribes for title IV-B, subparts 1 and 2, and CAPTA are included under Attachment C.

INSTRUCTIONS:

This section describes the requirements that the States and eligible Indian Tribes must meet in order to receive their allotments of FY 2002 funds under title IV-B, CAPTA (States only), and FY 2001 funds for the CFCIP (States and Puerto Rico only). The completed APSR must meet the requirements of 45 CFR 1357.16, 45 CFR 1357.32, 45 CFR 1357.40, 45 CFR 1357.50, title IV-B, subparts 1 and/or 2, title IV-E, section 477 of the Act and CAPTA.

According to 45 CFR 1357.16, each State and Indian Tribe must conduct an interim review of the progress made in the previous year toward accomplishing the goals and objectives in the CFSP, based on updated information. The State and Indian Tribe must involve the agencies, organizations, and individuals that are part of the on going CFSP related consultation and coordination process. On the basis of this review, each State and Indian Tribe must prepare and submit an APSR to ACF. When conducting this review, States may want to consider assessing and evaluating their progress based on the effectiveness of their efforts in achieving the desired results. Additionally, the States should incorporate use of the Statewide Assessment tools of the Child and Family Services Reviews as part of the APSR review process.

A. This section describes the requirements that the States and eligible Indian Tribes must meet in order to receive their title IV-B and CAPTA (States only) allotments of funds for FY 2002.

1. Requirements under 1357.16 (Title IV-B, subparts 1 and/or 2)

The APSR must include the following:

- (a) A report on the specific accomplishments and progress made in the past fiscal year toward meeting **each** goal and objective, including improved outcomes for children and families, and a more comprehensive, coordinated, effective child and family services continuum;
- (b) Any revisions in the statement of goals and objectives, or to the training plan, if necessary, to reflect changed circumstances;
- (c) For Indian Tribes, a description of the child welfare and/or family preservation, family support services, time-limited family reunification services, and adoption promotion and support services to be provided in the upcoming fiscal year, highlighting any changes in services or program design and including the information required in 45 CFR 1357.15(n);
- (d) For States, a description of the child protective, child welfare, family preservation, family support, time-limited family reunification services, adoption promotion and support services, and independent living services to be provided in the upcoming fiscal year highlighting any additions or changes in services or program design and including the information required in 45 CFR 1357.15(n);

(e) Information on activities in the areas of training, technical assistance, research, evaluation, or management information systems that will be carried out in the upcoming fiscal year in support of the goals and objectives in the plan.

Information should also incorporate CFCIP-specific training offered, technical assistance, research, or evaluation that was conducted during fiscal year 2000 in support of the goals and objectives of the States' CFCIP (Section 477(b)(3)(D));

(f) For States only, the information required to meet the maintenance of effort (non-supplantation) requirement in section 432(a)(7) of the Act and Federal regulation at 45 CFR 1357.32(f) (maintenance of effort);

(g) For States only, significant portion of funds used for title IV-B, subpart 2, Promoting Safe and Stable Families (45 CFR 1357.15(s)). For the purpose of applying for FY 2002 funds, States must indicate the specific percentages of title IV-B, subpart 2 funds that the State will expend on actual service delivery of family preservation, community-based family support, time-limited family reunification and adoption promotion and support services, as well as planning and service coordination, with a rationale for the decision. The State must have an especially strong rationale if the percentage provided is below 20% for any one of the four service categories. The amount allocated to each of the service categories should only include funds for service delivery. States should report separately the amount to be allocated to planning and service coordination. (See ACYF-PI-CB-98-03, March 5, 1998).

(h) Any other information the State or the Indian Tribe wishes to include;

(i) A request for FY 2002 funds in the CFS-101 at Attachment E

2. Additional Required Information

In addition to the information required in 45 CFR 1357.16, States and Indian Tribes (if applicable), must provide the following information in the APSR. Most of this information results from changes in title IV-B resulting from the Adoption and Safe Families Act (ASFA), or amendments to the Act. The APSR must include:

(a) A description of the States' and Indian Tribes' progress and accomplishments made with regard to the diligent recruitment of potential foster and adoptive families that reflects the ethnic and racial diversity of children in the state for whom foster and adoptive homes are needed. (See section 422(b)(9) of the Act);

(b) A description of the States' and Indian Tribes' plans for the effective use of cross-jurisdictional resources to facilitate timely adoptive or permanent placements for waiting children. (See section 422(b)(12) of the Act). This applies to States and Indian Tribes applying for title IV-B, subpart 1, funds;

(c) For States only, an update on the "... specific measures taken by the State to comply with the Indian Child Welfare Act" (See section 422(b)(11) of the Act);

(d) For States only, a description of the activities that the State has undertaken for children adopted from other countries, including the provision of adoption and post-adoption services (See Section 422(b)(13) of the Act);

(e) For States only, the number of children who were adopted from other countries and who enter into State custody as a result of the disruption of a placement for adoption or the dissolution of an adoption, the agencies who handled the placement or the adoption, the plans for the child, and the reasons for the disruption or dissolution (See Section 422(b)(13) of the Act. This provision was effective October 6, 2000);

(f) For States operating a child welfare demonstration project under section 1130 of the Act, a description of the accomplishments and progress in the demonstration project as they relate to the goals and objectives in the State's CFSP, where applicable. In particular, the State will discuss how title IV-B monies are used to maximize the use of flexible title IV-E dollars in the demonstration;

(g) For those States receiving an adoption incentive payment, specify the services that have been, or will be, provided to children and families with the adoption incentive funds;

(h) For those States that have not yet fully implemented the transition rules, provide information on the specific measures taken to implement such rules that apply to section 475(5)(E) of the Act, and the outcomes of the implementation. See ACYF-CB-PI-98-14, August 20, 1998 regarding "new" and "current" children in foster care.

3. Requirements under the Child Abuse Prevention and Treatment Act (States only)

States with an existing CAPTA/CFS Plan, must include the following information regarding CAPTA in the APSR:

(a) Accomplishments to date under the CAPTA portion of the consolidated CFSP;

(b) An update on the program areas selected for improvement from the nine areas in section 106(a) (1) through (9) of CAPTA;

(c) An update of activities that the State intends to carry out with its CAPTA State Grant funds and any changes in activities for FY 2002 funds;

(d) States that indicated in the FY 2000 CFSP/final report that they did not meet the assurance requirements set forth under sections 106(b)(2)(A - B) and 106(b)(2)(D) of CAPTA should indicate if they are now in complete compliance with those assurances. If the State is not in complete compliance, describe what has been done in an effort to come into compliance, what

issues are preventing complete compliance, and what actions are being taken to resolve the outstanding requirements?

(e) A description of the services and training provided under the CAPTA State Grant as required by section 106(b)(2)(C) of CAPTA;

(f) Notification regarding substantive changes, if any, in State law that could affect eligibility, including an explanation from the State Attorney General as to why the change would, or would not, affect eligibility. Note: States do not have to notify the ACF of statutory changes or submit them for review if they are not substantive and would not affect eligibility;

(g) States with established citizen review panels must submit a copy of the annual report(s) from the citizen review panels. Section 106(c) of CAPTA requires that the citizen review panels develop annual reports and make them available to the public. The report should include, at a minimum, a summary of the panel's activities, the recommendations of the panel based upon its activities and findings, and information on the progress States are making in implementing the recommendations of the panels.

(h) Include a request for FY 2002 funds in the CFS-101 at Attachment E.

4. Chafee Foster Care Independence Program (CFCIP) (States and Puerto Rico)

States must include the following information regarding CFCIP in the APSR:

(a) A State plan for FY 2001-2004, which meets the requirements in ACYF-CB-PI-01-02, issued February 13, 2001. This plan must be submitted with the APSR and should be integrated into the overall plan for services provided by the State;

(b) A request for FY 2002 funds in the CFS-101 at Attachment E.

B. This section describes the requirements for the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands in order to receive title IV-B allotments for FY 2002.

1. Consolidated grant applications may be submitted in accordance with 45 CFR Part 97. These jurisdictions need not submit an application under this PI but may choose to have their title IV-B, subparts 1 and/or 2, allotments included in a consolidated grant and expend these funds under authority of another program that is available for consolidation. If the Insular Areas choose to consolidate their application for title IV-B, subparts 1 and/or 2, they must notify their ACF Regional Office in writing of their intent by June 30, 2001.

2. Insular Areas that choose to submit an APSR may do so and must submit it to their ACF Regional Office by June 30, 2001.

C. FY 2001 Funding

If States, Territories, and Indian Tribes requested less than the amount for which they were eligible for under Title IV-B, Subparts 1 or 2, or CAPTA for FY 2001, then a revised budget form (CFS-101, Part I) must be submitted if they wish to receive the full share of FY 2001 funds. This form should be submitted as soon as possible and no later than June 30, 2001.

SUBMITTALS:

States and Indian Tribes are to submit an original of the APSR and the CFS-101 by June 30, 2001, to their ACF Regional Office (see Attachment F for addresses). States and Indian Tribes should use the estimated figures for FY 2002 allotments found in Attachment C when completing the CFS-101, Part I.

States and Indian Tribes may submit the documents as a paper copy, or at their option, submit the documents on a 3.5 diskette to the Regional Office. In the latter case, please specify what format the files are in (i.e., Word, WordPerfect, Excel, etc.). If a State or Indian Tribe chooses to submit the APSR electronically, a paper copy of the original signed CFS-101 is still required.

The Regional Office is to submit a copy of the approved CFS-101 to the following address:

A negative grant award will recoup unobligated and/or unliquidated funds reported on the final financial status report (SF-269) for title IV-B, CAPTA and CFCIP.

PAPERWORK REDUCTION ACT:

Under the Paperwork Reduction Act of 1995 (Public Law 104-13), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Public reporting burden for the APSR and the CFS-101 is estimated to average 125 hours per response.

PROGRAM INSTRUCTION

TO:

State Agencies and Territories Administering or Supervising the Administration of Title IV-E of the Social Security Act (the Act); and State Independent Living Coordinators.

SUBJECT:

June 30, 2001 Submission of the Chafee Foster Care Independence Program State Plan for Fiscal Years 2001-2004.

LEGAL AND RELATED REFERENCES:

Sections 471, 472, 474, 475, and 477 of Title IV-E of the Social Security Act; Title I, Improved Independent Living Program, Public Law 106-169, Foster Care Independence Act of 1999. This Program Instruction supercedes ACYF-CB-PI-00-04, dated April 16, 2000.

PURPOSE:

The purpose of this Program Instruction (PI) is to provide guidance and instructions to States on the development of the Chafee Foster Care Independence Program (CFCIP) State plan application for Federal fiscal years (FYs) 2001- 2004.

BACKGROUND:

The Foster Care Independence Act of 1999 (P.L.106-169) was enacted into law on December 14, 1999, amending section 477 of the Social Security Act (the Act). This legislation makes additional funds available to States and provides them with greater flexibility in carrying out programs designed to help youth make the transition from foster care to self-sufficiency.

One of the provisions contained in the legislation is the development of a State application. Section 477(b)(1) of the Act provides that “a State may apply for funds from its allotment under subsection (c) for a period of five consecutive fiscal years by submitting to the Secretary, in writing, a plan that meets the requirements of paragraph (2) and the certifications required by paragraph (3) . . .” Consistent with Departmental priorities, the CFCIP plan for FYs 2001-2004 will be integrated into the existing five-year title IV-B Child and Family Services Plan (CFSP), thereby bringing CFCIP program activities more directly into the continuum of State child welfare services, and placing them within the same time frame as the CFSP. States will be required to submit their CFCIP plan to their ACF Regional Offices (Attachment D) by June 30, 2001, in conjunction with the title IV-B Annual Progress and Services Report (APSR).

In FY 2000, the Administration for Children and Families (ACF) implemented an abbreviated application process for awarding available CFCIP funds in an expeditious manner. States were required to describe their plans and progress made in developing programs that comported with the purposes of the Foster Care Independence Act of 1999, and also to address the application requirements in Section 477(b) of the Act. Moreover, since many States had already applied for FY 2000 Independent Living funds in their June 30, 1999 title IV-B Child and Family Services Plan (CFSP) under earlier statutory requirements which were no longer in effect, a new application was necessary.

States that applied for the CFCIP funds for FY 2000 must report on the progress made to implement CFCIP and the accomplishments for FY 2000. For further information, see the Program and Fiscal Reports section of this PI. Additionally, the information provided in the FY 2000 program report should be, in part, the basis for the new 4-year CFCIP plan. States should build on the progress made, and develop goals and services based on what was learned in FY 2000.

Currently, in accordance with the requirements of 45 CFR 1357.15, States must include in their Child and Family Services Plan and the APSR information on their independent living programs under title IV-E of the Act. In order to help States plan comprehensively for the full array of child welfare services, from prevention and protection through permanency, we are requiring States to consolidate their CFSP and the CFCIP plans. Such consolidation also reduces duplicative information requirements for the CFSP and the CFCIP plans. This consolidation is consistent with both the requirements in the statute (see section 477(b)(3)(F)) and the regulation on the comprehensive CFSP (45 CFR 1357.15).

In order to integrate the CFCIP Plan into the CFSP, States applying for their FY 2001 CFCIP funds must submit a four-year (FY 2001-2004) CFCIP State plan with the APSR, due no later than June 30, 2001. This will place it within the same time frame as the CFSP, with an ending date of September 30, 2004. Annually thereafter, an update to the CFCIP State plan will be incorporated within the APSR.

Consolidation of the CFS and CFCIP State plans does not allow for pooled funding among the programs, since separate funding streams and accountability are still required by statute. States must comply with statutory and regulatory provisions as they apply to their title IV-B, CAPTA and independent living (title IV-E) programs. Eligibility and funding for the individual programs

remain separate and funding will not be delayed for one program due to potential eligibility issues in the other program. To the extent that there are overlapping requirements, they will be satisfied by the one submission, and to the extent that the requirements do not overlap, they are to be submitted in the same document. However, only the requirements pertinent to a particular program will affect eligibility for that program.

Eligible Participants: The statute specifically requires States to provide assistance and services to youth who have left foster care because they attained 18 years of age, and have not yet attained 21 years of age. States also must serve youth likely to remain in foster care until 18 years of age, commensurate with the State criteria used to determine eligibility for the program. States may also serve former foster care recipients. States are permitted to serve youth younger than 16 through the provision of age-appropriate services. Title IV-E foster care eligibility is no longer a requirement for service eligibility under CFCIP, as it was under the former statute.

Availability of Funds: Under Section 477(c)(1) of the Act, each State is allotted an amount of funds which bears the same ratio as the number of children in foster care in that State bears to the total number of children in foster care in all States in the most recent fiscal year for which such information is available. Data submitted by States into the Adoption and Foster Care Analysis and Reporting System's (AFCARS) FY 1999 national database will be used to calculate States' FY 2001 allotments.

Attachment C is a table of the State allotments for FY 2001 totaling \$137,900,000. The allotments for FY 2001 are based on an appropriation of \$140 million less a one and one-half percent (1 1/2%) set aside for Federal evaluation, technical assistance, performance measurement and data collection (Section 477(g)(2)).

Non-Supplantation: In accordance with Section 477(d)(2), funds awarded under the CFCIP shall be used to supplement and not supplant any other State funds previously expended for the same general purposes in the State. The base year for determining the amount of funds expended by the State for the CFCIP is Federal Fiscal Year 1999. States are required to spend an amount of State funds for each year of the CPSP that at minimum equals the amount of State funds expended for the general purposes identified in Section 477(a)(1-5) of the Act in FY 1999.

Reallotment of Funds: The law contains no provision for the reallotment of funds. If a State chooses not to apply for the total amount of available CFCIP funds, or fails to meet the application requirements set forth in Section 477(b)(1-5), then the amount of funds not applied for will be returned to the U.S. Treasury at the end of the fiscal year in which they were appropriated.

INSTRUCTIONS:

In order for a State to receive its CFCIP allotment for FY 2001 and future allotments for FYs 2002-2004 the State must submit a CFCIP State plan to ACF for approval. The State plan must include the following in order to be considered complete:

- The name, address, and telephone number of the program's contact person
- A completed checklist (Attachment A)
- Part I – Program Plan Narrative
- Part II – CFCIP Funds Requested
- Program Certifications (Attachment B)

Attachments A and B must be signed and dated by the State's Chief Executive Officer or delegate (if authorized by state law). The information provided by a State in the State plan will remain in effect unless amended by the State in accordance with Section 477(b)(5), and approved by ACF.

Part I - Program Plan Narrative

Part I of the application is the detailed narrative of the State plan addressing the applicable sections of the Act. The following components must be included in the narrative section of the State plan:

1. Provide a statement that identifies the State agency or agencies that administers, supervises or oversees the programs carried out under the plan (Section 477(b)(2)).
2. Provide a statement that indicates that the State agency will cooperate in national evaluations of the effects of the independent living programs implemented to achieve its purposes (Section 477(b)(2)(F)).
3. Describe how the State has designed and conducts its programs to achieve the purposes of section 477(b)(2)(A) and section 477(a)(1-5) of the Act to:
 - a) Help youth make the transition to self-sufficiency;
 - b) Help youth receive the education, training and services necessary to obtain employment;
 - c) Help youth prepare for and enter postsecondary training and educational institutions;
 - d) Provide personal and emotional support to youth through mentors and the promotion of interactions with dedicated adults; and,
 - e) Provide financial, housing, counseling, employment, education and other appropriate support and services to former foster care recipients between 18 and 21 years of age.

Services to Youth Ages 18 – 20: Section 477(a)(5) permits States to provide services to youth ages 18 through 20 years old who left foster care and have not reached their twenty-first birthday. States are required to provide services (including room and board) to, and expend funds on behalf of, youth who left foster care because they attained 18

years of age, but have not yet attained 21 years of age (Section 477(b)(3)). In the State plan, States should describe the approaches being used to address these provisions.

Room and Board: The State must develop a reasonable definition of "room and board" and provide the definition in the State Plan. The State plan must include a description of the approach(s) being used to make available room and board to 18 through 20 year olds. States are required to certify (by signing the Certification form in Attachment B) in their State plans that no more than 30 percent of their allotment of Federal funds will be expended for room and board for youth who left foster care because they attained 18 years of age, but have not yet attained 21 years of age.

4. Briefly describe how all political subdivisions in the State are served by the program (if not in a uniform manner, please explain) (Section 477(b)(2)(B)).
5. Describe how youth of various ages and at various stages of achieving independence, are to be served, particularly with regard to services for (1) youth under 16, (2) youth 16 - 18 and (3) youth 18 through 20 (Section 477(b)(2)(C)).

The description should include the identification of State statutory and/or administrative barriers, if any, which, in order to facilitate the State serving a broader range of eligible youth, need to be eliminated or amended. States should also discuss how they are developing services for those individuals "likely to remain in foster care until age 18" (Section 477(a)(1-3)). Some identifiers of individuals "likely to remain in foster care until 18" include, but are not limited to, age, ethnicity, presenting problems, case histories, and individual case goals and objectives.

6. Describe how the State involves the public and private sectors in helping adolescents in foster care achieve independence. Beginning in FY 2000, States have had an opportunity to conduct meetings and plan activities with various partners and stakeholders to design and develop a CFCIP State plan for fiscal years 2001 to 2004. States should describe in detail how public and private organizations representing a wide range of stakeholders and consumers, in particular Indian Tribes, were consulted in the development of the State plan.

States should describe their efforts: (1) to coordinate with "other Federal and State programs for youth (especially transitional living programs funded under Part B of the Juvenile Justice and Delinquency Prevention Act of 1974 - see listing of programs in Attachment E), abstinence programs, local housing programs, programs for disabled youth (especially sheltered workshops), and school-to-work programs...", and; (2) to consult with and coordinate with "each Indian tribe in the State" and ensure "that benefits and services under the program will be available to Indian children in the State on the same basis as to other children in the State" (certifications F and G, section 477(b)(3)). Also, States are encouraged to coordinate services with other relevant programs, including, but not limited to, the Court Improvement Program, Community Action Agencies, and Medicaid.

Subtitle C, section 121 of P.L. 106-169 permits States to expand Medicaid eligibility for youth transitioning from foster care. The State plan should describe how the state has utilized, or is coordinating efforts to utilize, the option under this law to expand Medicaid to provide services to youth ages 18 to 20 years old who have aged out of foster care. A State may provide Medicaid to all young people under the age of 21 who were in foster care under the responsibility of the state on their eighteenth birthday, or to “reasonable categories” of this group. If the State does not choose to provide Medicaid to all young people under the age of 21 who were in foster care under the State’s responsibility on their eighteenth birthday, the State plan should describe what “reasonable categories” of children it has chosen to provide Medicaid services to, if any.

Also, in order to fulfill the intent of the Act, which is in keeping with positive youth development, States are strongly encouraged to include youth, those presently in care as well as former foster youth, as critical stakeholders in the development of the State plan (Section 477(b)(2)(D)).

7. Describe the objective criteria the State uses for determining eligibility for benefits and services under the programs, including the process for developing the criteria (Section 477 (b)(2)(E)).
8. Describe how the State ensures fair and equitable treatment of benefit recipients (Section 477 (b)(2)(E)).

Public Comment: Certification E of Section 477(b)(3)(E) requires States to provide “all interested members of the public at least 30 days to submit comments on the plan”. In preparing the State plan application, States should describe how the comments received from the public (both written and oral), influenced the contents of the State Plan.

Amendments To The Plan: In accordance with Section 477(b)(5), a State may implement any amendment to their CFCIP State plan as long as the amendment would be approvable under the provisions of the Act regarding the State Plan’s purposes and certifications. However, within 30 days of implementation, the State must notify the ACF Regional Office of the amendment.

CFCIP Questions and Answers: Since the law’s enactment, a variety of questions have been raised regarding the CFCIP. Many of these questions and their answers can be found on the Children’s Bureau web site at <http://www.acf.hhs.gov/programs/cb>, or are available from the ACF Regional Offices listed in Attachment D.

Part II – CFCIP Funds Requested

Cost-Sharing Requirements: Under Section 474(a)(4) of the Act, the Federal government will pay 80% of the total amount of funds expended by the State (less any penalties) up to the amount of CFCIP funds allotted to the State. The State must provide matching contributions to cover the additional 20% of the costs. Matching contributions may be in cash or in-kind contributions of services, equipment, or property, and may originate with a third party. The State matching contribution, whatever its nature, must be used for the purposes described in Section 477(a) of

the Act. To the extent that State funds are used to meet the match, they must satisfy the requirements of 45 CFR 92.24. States should consult these specific regulations for a full and accurate understanding of the requirements.

In accordance with Section 477(d)(3) of the Act, States must expend yearly allotments of funds by the end of the fiscal year following the fiscal year in which they were awarded. Therefore, FY 2001 CFCIP funds must be expended by September 30, 2002.

Request for Funds: A State must identify the amount of Federal funds for which it is applying in the following format. Indicate the amount (up to 30% of the total State allocation of Federal funds) to be used for room and board and specify the 20% State match amount. State dollars used to purchase property are not allowable as a match source. The amount of Federal funds requested must not exceed the State allotment identified in Attachment C.

PROGRAM AND FISCAL REPORTS:

Program Reports and Data Collection:

The CFCIP report for activities conducted during FY 2000 is due no later than June 30, 2001. The report should be included as part of the multi-year CFCIP State plan. The report must contain the following information:

- (1) an accurate description of the CFCIP services provided and activities conducted, including programs modified, expanded or newly established (e.g., life skills training, tutoring and other educational assistance, housing, employment and mental health counseling), and their current status of implementation; and other collaboration activities undertaken to achieve the purpose set forth in section 477(b)(3)(F) of the Act;
- (2) a complete record of the purposes for which funds were expended (section 477 (a)(1-5));
- (3) a statement regarding the extent to which the funds assisted youth 18-21 in making the transition from foster care to self-sufficiency (section 477(a)(5)); and
- (4) additional information for use by the Secretary in assessing and evaluating the State's foster care independent living (CFCIP) programs (sections 477(b)(4), (f) and (g)). This information must include:
 - (a) a detailed description of the number and demographic characteristics of the eligible population for fiscal year 2000 (October 1, 1999 to September 30, 2000) and a detailed description of individuals served during that period: e.g., age, sex, race/ethnicity, current placement (foster family, group home, transitional living apartment) or living situation, special needs status, educational and/or employment status, marital or parental status and duration in foster care.
 - (b) a statement of the results achieved upon discharge or voluntary termination, and 90 days later: e.g., number of youth employed, have completed high school or a GED program, are pursuing post-secondary opportunities, have a stable living situation, and/or are accessing other community resources, if necessary (TANF, Welfare-to-Work, Medicaid); together with a description of the criteria employed to measure those achievements.

We anticipate that subsequent updates of the CFCIP program (FY's 2001–2004) will be a part of the yearly child welfare Annual Progress and Services Report (APSR).

Section 477(f) and (g) of the Act requires the development and implementation of a data collection system comprised of outcome measures and data elements designed to assess the performance of States in operating independent living programs; to track the number, characteristics of children and youth receiving services; and to assess the type and quantity of

services provided under the Act. The Department is presently engaged in the developmental work associated with designing, testing and refining both the outcome measures and data elements. Once the outcome measures and data elements are developed and approved by the Office of Management and Budget (OMB), States will receive additional guidance on the new reporting requirements under a separate Program Instruction.

Fiscal Reports: Expenditures under CFCIP are to be reported by States on a Standard Form 269 (SF-269), Financial Status Report. To minimize the reporting burden, SF-269s will be required on an annual basis. Reports will be due 90 days after the end of each reporting period (October 1 – September 30). The final report for FY 2000 funds will be due December 31, 2001, ninety (90) days after the end of the two-year expenditure period. The SF-269 with original signatures should be sent to the appropriate Hub Director or Regional Administrator with a copy to ACYF at the following address:

Administration for Children, Youth and Families
Office of Management Services, Room 1416
330 C Street, SW
Washington, D.C. 20447

A negative grant award will be issued to States to recoup unobligated and/or unliquidated funds reported on their final Financial Status Report.

SUBMITTALS:

CFCIP State plans will be reviewed and approved by the Administration for Children and Families (ACF) Regional or Hub Offices in conjunction with the title IV-B Child and Family Services plan. The closing date for the receipt of CFCIP plans for FYs 2001 - 2004 is **June 30, 2001**. States are encouraged to submit their CFCIP State Plan earlier than the June 30 closing date in order for ACF to award FY 2001 funds to States as expeditiously as possible.

An original and one copy of the plan must be submitted by the State to the appropriate Regional Administrator or Hub Director (Attachment D). A copy also should be sent to:

This information collection is conducted in accordance with 45 CFR 1357 of the Child and Family Services. Information received from this collection provides estimates of States' estimated expenditure for title IV-B, subparts 1 and 2, CAPTA funds, and CFCIP funds.

Public reporting burden for this collection of information is estimated to average 5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The responses to this collection are mandatory in accordance with 45 CFR 1357.

This information is not considered confidential, therefore, no additional safeguards are considered necessary beyond that customarily applied to routine government information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

 - i) Estimated State or ITO match. Enter 25% of the amount on line 6(g).
7. Indian Tribal Organizations Applying for title IV-B, subpart 2 funds.

Under title IV-B, subpart 2, when all the eligible ITO's do not claim their full allotment, funds become available for reallocation to other ITO's. For an ITO to claim a portion of these funds we must have on file a request from the tribe and an assurance of sufficient matching funds. If additional funds are requested indicate: the total amount, the Federal share (75%) and the ITO match (25%), in the spaces provided.

8. Child Abuse Prevention and Treatment Act (CAPTA), Basic State Grants Only.

Estimated CAPTA Basic State Grant allocation, as provided in the annual announcement on availability of funds. Supplemental funds may be available for distribution if there are States that are not awarded grant funds or there are unobligated funds available for redistribution. No matching is required for this grant.

Note: Pooled funding among the programs is not allowed, since separate funding streams and accountability are still required by statute. While the information on the programs may be consolidated into one Child and Family Services Plan (CFSP), eligibility and funding for the individual programs will be kept separate and funding will not be delayed for one program due to potential eligibility issues in the other program.

9. States must consolidate the Chafee Foster Care Independence Program application into the title IV-B CFSP to meet the requirements in 45 CFR 1357.16(a)(4) and section 477(b)(2) of title IV-E. Provide the total estimate of the State's share of the \$137.9 million available in Federal funds. A State match of 20% is required.

Note: Pooled funding among the programs is not allowed, since separate funding streams and accountability are still required by statute. While the information on the programs may be consolidated into one Child and Family Services Plan (CFSP), eligibility and funding for the individual programs will be kept separate and funding will not be delayed for one program due to potential eligibility issues in the other program.

10. Certification: This report must be signed and dated in the spaces provided. The signature and title of the director of the State agency, or Indian Tribal Organization, with authority to administer or supervise the administration of title IV-B, subparts 1 and 2 programs, and for States only the CAPTA and ILP programs, must be included.

The tentative allocations are based on the premise that all States will apply for and receive the funds available to them. In the event that not all States apply for or receive their tentative allocations, those funds will be redistributed among eligible States, where permitted by statute. States receiving additional funds as a result of such a redistribution should submit information on the proposed use of such additional funds to the appropriate Regional Office of the Administration for Children and Families.

Obligation and Expenditure of CAPTA Funds. States have five-years from the date of the grant award to obligate and liquidate their State Grant funds. Under the CAPTA Amendments of 1996, there is no longer a penalty for States that do not obligate funds within 18 months from the date of the grant award beginning with the FY 1997 awards.
