To: Acting Director Ellen Wheatley

Use of the Coronavirus Response and Relief Supplemental Act

**Direct Child Care Service**

During the coronavirus response the CRRSA funds will be used for direct child care services to help or assist an employee that may be deemed essential, without regards to income guidelines. This would include health care workers, emergency responders, food service worker and etc.

**Child Care Providers**

With the increase of having to sanitize, clean and disinfect more we can assist the child care providers in purchasing items that they may need to provide a safe place for the children to play, eat, sleep and etc. This would include hand sanitizer, Lysol wipes and etc.

Thank You,

Amanda Long

Social Service Director
