CSBG State Plan Submission Groups

Group A

The following states are required to submit a full submission of the Community Services Block Grant (CSBG) State Plan for the FFY 2022 CSBG State Plan cycle.

A full submission includes the CSBG Eligible Entity List and the CSBG State Plan (including the SF-424M and certifications as required by the CSBG statute). The plan will be subject to all requirements of the CSBG Act, including the public hearing requirement. If a state chooses to submit a two-year CSBG State Plan, the state must complete all questions related to the second year covered by the CSBG State Plan to be considered as part of the full submission.

More information can be found in CSBG Action Transmittal 2021-05.

Group B

The following states are required to submit the SF-424M within the Online Data Collection system (OLDC).

States may revise their accepted CSBG State Plan or submit a new CSBG State Plan. However, OCS does not require states to revise their accepted two-year CSBG State Plans, and only suggests doing so for major revisions. Major revisions include, but are not limited to: making a change to the state’s plan for usage of funds (Section 7), significant proposed changes to state CSBG policies/procedures (Section 3, Section 10, etc.), and/or revising the state’s Organizational Standards policies, procedures, and/or assessment (Section 6).
