⁴ Prepared by the Administration for Children and Families, Office of Community Services, Division of Energy Assistance. In accordance with 45 CFR 96.85, 60 percent of each State's estimated median income for a four-person family is multiplied by the following percentages to adjust for household size for LIHEAP: 135 percent for seven persons, 138 percent for eight persons, 141 percent for nine persons, 144 percent for 10 persons, 147 percent for 11 persons, and 150 percent for 12 persons. For each additional household member. For each additional household member above 12 persons, add three percentage points to the percentage for a 12-person household (150 percent), and multiply the new percentage by 60 percent of the State's estimated median income for a four-person household.

⁵ The estimated U.S. median income for 4-person families is \$104,888 for the period of October 1, 2023, through September 30, 2024.
