

LIHEAP Energy Assistance Day Social Media Toolkit

What is LIHEAP?

The Low Income Home Energy Assistance Program (LIHEAP) has been helping people stay safe and warm in their homes for over 40 years. National Energy Assistance Day was created with a goal to raise awareness about LIHEAP, encourage households to apply for assistance, and strengthen partnerships between state and local LIHEAP offices, utilities, and other groups.

What is a Social Media Toolkit and How Can I Help?

A social media toolkit collects key messages, hashtags, and images to help spread the word about a particular topic on social media. You can use this toolkit to raise awareness of LIHEAP and connect people to services in their area.

Together, we can reach more people who could benefit from LIHEAP's life-saving assistance.

Thank you for helping us spread the word about LIHEAP in your communities!

Copy and paste the suggested social media posts or develop your own customized posts to share about LIHEAP benefits.

Add the **#NationalEnergyAssistanceDay** hashtag to your social media posts and engage with the OCS via your personal or organizational accounts.

Follow us **@OCS_ACFgov** on X (Twitter), engage, and tag us in your posts!

Suggested Social Media Posts

X (Twitter):

- Do you or someone you know need help paying home heating bills? To find assistance, visit www.energyhelp.us or call the energy assistance hotline toll-free at 1-866-674-6327. **#NationalEnergyAssistanceDay**
- More than 1 in 4 U.S. households struggle with their home energy bills. But the Low Income Home Energy Assistance Program (LIHEAP) may be able to reduce your long term costs with weatherization assistance! Learn more at www.energyhelp.us

- Winter can mean dangerously cold temperatures for many people. It can also mean households have to face the difficult choice between paying for home heating or paying for family essentials, such as food or medical care. But the Low Income Home Energy Assistance Program (LIHEAP) from @HHSGov can help keep the heat on and may also be able to help reduce long term costs with weatherization assistance!
