Dear Colleagues,

The Office of Community Services (OCS), Low Income Household Water Assistance Program (LIHWAP) will host a special session for public and private water utilities on Thursday, May 19 from 3:00-4:30 PM ET.

This event will provide information on LIHWAP implementation, review possible challenges and success stories, and provide an opportunity for water service provider to share feedback on LIHWAP participation. In addition, participants will have the opportunity to review the LIHWAP Data Dashboard, an interactive data platform that provides information and updates on LIHWAP implementation.

Please join us for a LIHWAP National Water Service Providers Meeting held on **Thursday, May 19, from 3:00- 4:30 pm ET.**

[Registration for the LIHWAP National Water Service Providers](#)

Please share this invitation broadly with your local utilities, association membership, or partners so they can learn more about this federally funded water assistance program.

Office Hours:

The national meeting will be followed by two office hour sessions held on **Tuesday, May 24th at 3:00 pm ET** and **Thursday, May 26th at 12:00 pm ET.**

These sessions will provide water service providers the opportunity to meet with OCS staff to discuss questions or barriers to LIHWAP participation. OCS encourages water service providers to coordinate with the LIHWAP grant recipients in their area to attend office hours together.

The link and additional information for office hour registration will be sent to participants in a follow up correspondence at the conclusion of the meeting. **To maximize assistance, each session will be limited to fifteen participants at a time, on a first come, first served basis.**

Thank you for your attention to these matters. OCS looks forward to engaging with you!
