Dear Colleagues,

Thank you to everyone that participated in last week's webinar on Successful Strategies for Tribal LIHWAP Implementation. During the webinar we heard from a panel of tribal LIHWAP administrators, who shared promising practices and tips they have used to successfully implement LIHWAP for their tribal members.

The esteemed panel included:

- Trista Winnett, Program Manager, Choctaw Nation of Oklahoma
- Stacy Mills, Family Assistance Program Manager, Port Gamble S'Klallam Tribe
- Pamela Martinez, Program Coordinator, Bishop Paiute Tribe
- Tammy Maynor, Interim Tribal Administrator, Lumbee Tribe of North Carolina

The PowerPoint used during the first part of the webinar is attached. Included in the PowerPoint are links to LIHWAP resources and contact information for Lux Consulting Group, our tribal training and technical assistance providers.

A recording of the [Successful Strategies for Tribal LIHWAP Implementation Webinar](#) can be found on the [Grant Recipient Resources](#) page. For those who were unable to attend, we highly recommend taking a listen!

Thank you for your attention to these matters. OCS looks forward to continuing to provide high-quality services to OCS partners.
