² The territories of American Samoa, Guam, Northern Mariana Islands, and U.S. Virgin Islands may consolidate multiple federal grants under federal law and regulation. After an agency review, it was determined that the Consolidated Block Grant (CBG) required awarding systems under SSBG distinct from previous awards. We are implementing this change at the US Department of Health and Human Services. A distinct set of consolidated awards will go to the territories, with additional background context. Future award charts may include the CBG.
