

*LIHEAP Report to Congress for Fiscal Year 2015: Part III. Household Data*  
*Supplemental Tables: Assisted Households by Vulnerability*

**Table III-8. Percent of assisted households with at least one member who is elderly, disabled, or a young child by type of assistance, nationally, FY 2015<sup>1</sup>**

Type of vulnerable household	Heating assistance	Cooling assistance	Winter crisis assistance	Year-round crisis assistance	Summer crisis assistance	Weatherization assistance <sup>2</sup>	Any type of assistance
Elderly	33.6%	36.3%	22.1%	23.8%	28.7%	44.0%	NA <sup>3</sup>
Disabled	38.3	46.3	36.5	33.1	39.0	32.7	NA <sup>3</sup>
Young child	18.6	19.4	23.6	29.3	23.1	15.9	NA <sup>3</sup>
Elderly, Disabled or Young Child	69.2	72.2	64.2	64.3	69.0	70.3	NA <sup>3</sup>

<sup>1</sup> These data are derived from the *LIHEAP Household Report for FY 2015*. They're current as of August 23, 2016. (1) Definitions of "elderly," "disabled," and "young child" are as follows: "elderly" refers to a person who is 60 years old or older, "disability" varies from state-to-state, and "young child" refers to a person who is five years old or younger. A household could have members that were reported in more than one of the three groups of vulnerable households. (2) National percentages are calculated for those states which reported complete data, by type of LIHEAP assistance. Table A-1 in Appendix A indicates the percentages of assisted households for which uniform data are provided. Uniform data on households classified as vulnerable ranged from 99.2 percent for weatherization assistance to 100 percent for all other types of assistance (heating, cooling, winter crisis, year-round crisis, and summer crisis assistance). Uniform data for an unduplicated count of vulnerable members in each household was much lower as some states were unable to provide this data.

<sup>2</sup> Weatherization data do not represent complete national data since Georgia was unable to report on the vulnerability status of households assisted with weatherization due to an error in the state's intake process.

<sup>3</sup> 'NA' indicates that data were not available or were reported incorrectly. Two states (Texas, West Virginia) were unable to provide a reliable unduplicated count of households that received any type of LIHEAP assistance, and one additional state (Georgia) was unable to provide a reliable unduplicated count of vulnerable members in households which received any type of LIHEAP assistance.

Rhode Island <sup>4</sup>	30,021	36.1	26.0	18.1	66.2
South Carolina	13,932	55.2	44.6	10.0	88.5
South Dakota	21,953	39.0	29.3	20.2	74.2
Tennessee	77,419	42.2	60.4	13.1	81.6
Texas	19,385	20.0	26.7	13.8	26.7
Utah	32,846	31.7	39.8	30.0	60.9
Vermont <sup>4</sup>	26,812	41.7	33.2	20.4	88.5
Virginia	126,670	37.2	48.5	17.8	80.0
Washington <sup>4</sup>	58,507	34.5	41.5	21.3	74.4
West Virginia	76,500	27.4	51.8	12.8	85.1
Wisconsin	209,208	31.9	38.3	15.1	67.2
Wyoming	9,533	40.4	38.5	17.5	75.2

<sup>1</sup> The data in this table are current as of August 23, 2016. Elderly is defined as a household member 60 years or older and young child as a household member five years old or under. Definitions of “disability” vary among the states.

<sup>2</sup> Households in winter fuel crisis situations (Alaska, Massachusetts) or year-round fuel crisis situations (Maryland) received expedited heating assistance.

<sup>3</sup> Counts and the percentage distributions include households that received combined heating and cooling assistance in California and Nevada; and households that received energy assistance in Hawaii; with no differentiation made between heating and cooling assistance. These states reported these households under heating assistance.

<sup>4</sup> The following states provided nominal benefits for SNAP households and reported the number of households assisted. These households are not included in the household counts reported in the table: Connecticut, 95,229 - \$20.01 benefits; Delaware, 14,177 - \$20 benefits; Maine, 8,071 - \$21 benefits; Massachusetts, 113,757 - \$21 benefits; Montana, 884 - \$25 benefits or 5% of the amount of a regular LIHEAP benefit; New York, 291,922 - \$21 benefits; Oregon, 48,514 - \$1 benefits (first quarter of FY 2015) or \$21 benefits (remainder of FY 2015); Pennsylvania, 301,213 - \$21 to \$24 benefits; Rhode Island, 67,459 - \$20 benefits; Vermont, 26,558 - \$21 benefits; Washington, 143,603 - \$20 benefits.

<sup>1</sup> (1) The data in this table are current as of August 23, 2016. (2) Elderly is defined as a household member 60 years or older and young child as a household member five years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states which did not provide separate cooling assistance.

<sup>2</sup> Counts and percent distributions exclude households that received combined heating and cooling assistance in California and Nevada; and households that received energy assistance in Hawaii; with no differentiation made between heating and cooling assistance. These states reported these households under heating assistance.

<sup>3</sup> North Dakota assisted households with non-crisis cooling equipment repair and replacement services using funding obligated to emergency cooling equipment repair and replacement, but reported these households under cooling assistance.

Wyoming <sup>3</sup>	1,470	17.6	33.5	27.4	62.7

<sup>1</sup> (1) The data in this table are current as of August 23, 2016. (2) Elderly is defined as a household member 60 years or older and young child as a household member five years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states which did not provide separate cooling assistance.

<sup>2</sup> Households in winter fuel crisis situations received expedited heating assistance (Alaska, Massachusetts). Funding obligated to these households was reported under heating assistance, but the household counts were reported under winter crisis assistance.

<sup>3</sup> The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits. These households are not included in the household counts reported in the table: California (3,375), Colorado (1,592), Delaware (2), District of Columbia (61), Idaho (462), Illinois (1,358), Iowa (1,166), Maine (18), Maryland (152), Michigan (976), Minnesota (5,243), Mississippi (1,705), Missouri (192), Montana (562), Nebraska (153), New Jersey (2,924), New York (1,264), North Carolina (1,287), North Dakota (933), Oregon (339), Pennsylvania (8,050), Rhode Island (553), South Carolina (122), South Dakota (544), Texas (3,927), Utah (357), Washington (307), West Virginia (75), Wisconsin (335), and Wyoming (413).

<sup>4</sup> Connecticut’s winter crisis assistance count excludes 16,960 households that also received Safety Net Assistance.

<sup>5</sup> Michigan’s winter crisis assistance count excludes 96,680 households that received assistance through the Michigan Energy Assistance Program.

<sup>6</sup> South Carolina’s winter crisis assistance count excludes 382 households that were provided air conditioners and 45 households that were provided blankets.

<sup>7</sup> Washington’s winter crisis assistance count excludes 205 households that received Temporary Shelter Assistance and 16 households that received other emergency repairs.

(3) A designation of “--” indicates that these data are not applicable for states which did not provide separate cooling assistance.

<sup>2</sup> The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits. These households are not included in the household counts reported in the table: California (3,375), Colorado (1,592), Delaware (2), District of Columbia (61), Idaho (462), Illinois (1,358), Iowa (1,166), Maine (18), Maryland (152), Michigan (976), Minnesota (5,243), Mississippi (1,705), Missouri (192), Montana (562), Nebraska (153), New Jersey (2,924), New York (1,264), North Carolina (1,287), North Dakota (933), Oregon (339), Pennsylvania (8,050), Rhode Island (553), South Carolina (122), South Dakota (544), Texas (3,927), Utah (357), Washington (307), West Virginia (75), Wisconsin (335), and Wyoming (413).

<sup>3</sup> California’s year-round crisis assistance count excludes 51 households served with the state’s Severe Weather Energy Assistance and Transportation Services (SWEATS).

<sup>4</sup> The District of Columbia obligated funds to a year-round crisis assistance program, but separated the household count into year-round crisis assistance and summer crisis assistance depending on the month in which assistance was provided.

<sup>5</sup> Households in year-round fuel crisis situations received expedited heating assistance in Maryland. Funding obligated to these households was reported under heating assistance, but the household count was reported under year-round crisis assistance.

<sup>6</sup> Nebraska’s year-round crisis assistance count excludes 1,908 households that received deposit assistance.

<sup>7</sup> Nevada’s year-round crisis assistance count excludes 12 households assisted through the state’s Crisis Intervention Program.

<sup>8</sup> South Carolina’s year-round crisis assistance count excludes 382 households that were provided air conditioners and 45 households that were provided blankets. Households receiving year-round fuel crisis bill payment assistance may have also received emergency furnace and air conditioner repair and replacement services.

<sup>9</sup> Wisconsin’s year-round crisis assistance count excludes 2,384 households that received assistance through the Keep WI Warm Fund.

<sup>1</sup> (1) The data in this table are current as of August 23, 2016. (2) Elderly is defined as a household member 60 years or older and young child as a household member five years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states which did not provide separate cooling assistance. (4) ‘NA’ indicates that data were not available or were reported incorrectly.

<sup>2</sup> Weatherization data do not represent complete national data since Georgia was unable to report on the vulnerability status of households assisted with weatherization due to an error in the state’s intake process.

<sup>3</sup> Georgia was unable to report on the vulnerability status of households assisted with weatherization due to an error in the state’s intake process. As such, the percentages of weatherization-assisted households with vulnerable members are indicated as ‘NA’.

<sup>4</sup> North Dakota reported that it weatherized some households in FY 2015 with LIHEAP weatherization funds obligated but not expended in FY 2014.

Pennsylvania	390,708	33.3	51.7	20.5	76.5
Rhode Island	30,021	36.1	26.0	18.1	66.2
South Carolina	22,199	46.4	50.8	35.6	74.6
South Dakota	23,485	37.0	28.2	21.1	73.0
Tennessee	108,445	41.4	52.9	19.1	82.4
Texas <sup>4</sup>	NA	NA	NA	NA	NA
Utah	34,357	30.5	38.4	29.3	59.6
Vermont	26,812	41.7	33.2	20.4	88.5
Virginia	156,049	35.1	48.8	22.2	82.1
Washington	71,925	30.9	40.0	22.5	72.0
West Virginia <sup>5</sup>	NA	NA	NA	NA	NA
Wisconsin	215,202	31.1	37.6	14.9	66.1
Wyoming	9,533	40.4	38.5	17.5	75.2

<sup>1</sup> (1) The data in this table are current as of August 23, 2016. (2) Elderly is defined as a household member 60 years or older and young child as a household member five years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states which did not provide separate cooling assistance. (4) ‘NA’ indicates that data were not available or were reported incorrectly.

<sup>2</sup> Too many states provided missing or unreliable data for national percentages to be calculated. As such, the national total households receiving any type of assistance and percentages of households with vulnerable members receiving any type of assistance are indicated as ‘NA’.

<sup>3</sup> Georgia was unable to report on the vulnerability status of households assisted with weatherization due to an error in the state’s intake process. As such, Georgia was unable to report a reliable unduplicated count of households with vulnerable members receiving any type of assistance. Therefore, these data are suppressed and the percentages by type of vulnerability are indicated as ‘NA’.

<sup>4</sup> Texas has not developed effective procedures to develop accurate statistics on the unduplicated count of households receiving any type of assistance. Therefore, these data are suppressed and the total household count and percentages by type of vulnerability are indicated as ‘NA’.

<sup>5</sup> West Virginia was unable to report a reliable unduplicated count of households receiving any type of assistance because the state has not developed effective procedures for comparing LIHEAP fuel assistance recipients with LIHEAP-funded weatherization assistance recipients. Therefore, these data are suppressed and the total household count and percentages by type of vulnerability are indicated as ‘NA’.
