

LIHEAP Report to Congress for Fiscal Year 2018: Part III. Household Data
Supplemental Tables: Assisted Households by Vulnerability

Table III-8. Percent of Assisted Households with at Least One Member Who Is an Older Adult, a Person with a Disability, or a Young Child by Type of Assistance, Nationally, FY 2018ⁱ

Type of Vulnerable Household ⁱⁱ	Heating Assistance	Cooling Assistance	Winter Crisis Assistance	Year-Round Crisis Assistance	Summer Crisis Assistance	Weatherization Assistance	Any Type of Assistance ⁱⁱⁱ
Older adult	38.6%	42.1%	25.7%	26.6%	30.3%	49.6%	37.4%
Person with a disability	38.5	50.2	37.2	32.3	43.3	33.6	38.7
Young child	17.8	16.9	21.2	26.6	21.9	14.9	18.6
Older adult, person with a disability, or young child	70.6	80.6	62.7	67.2	71.9	72.6	70.5

ⁱ These data are derived from the *LIHEAP Household Report for FY 2018*. They are current as of August 31, 2019. (1) Definitions of “older adult,” “disability,” and “young child” are as follows: “Older adult” refers to a person who is 60 years old or older, “disability” varies from state-to-state, and “young child” refers to a person who is 5 years old or younger. A household could have members that were reported in more than one of the three groups of vulnerable households. (2) National percentages are calculated for those states that reported complete data, by type of LIHEAP assistance. Table A-1 in Appendix A indicates the percentages of assisted households for which uniform data are provided. Uniform data on households classified in these categories was 100 percent for all types of assistance (heating, cooling, winter crisis, year-round crisis, summer crisis, and weatherization assistance) and for any type of assistance. Uniform data for an unduplicated count of members in these categories in each household was 99.0 percent for weatherization assistance because one state was unable to provide this data.

ⁱⁱ Vulnerable households are those that have at least one member who is an older adult, a person with a disability, or a young child. A household could have members that were reported in more than one of the three groups of vulnerable households.

ⁱⁱⁱ Georgia and West Virginia’s unduplicated counts of vulnerable households receiving any type of assistance exclude households who only received Emergency Furnace Repair and Replacement and/or Weatherization Assistance because these states have not developed effective procedures to report this information for vulnerable households.

Wisconsin	196,585	36.4	40.3	18.8	73.8
Wyoming	8,981	43.2	43.8	16.7	79.5

ⁱ The data in this table are current as of August 31, 2019. Older Adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states.

ⁱⁱ Households in winter fuel crisis situations (Alaska, Kansas, Massachusetts, New Hampshire, Washington) or year-round fuel crisis situations (Maryland) received expedited heating assistance.

ⁱⁱⁱ Counts and the percentage distributions include households that received combined heating and cooling assistance in California and Nevada and households that received energy assistance in Hawaii, where no differentiation is made between heating and cooling assistance. These states reported these households under heating assistance.

^{iv} The following states provided nominal benefits for SNAP households and reported the number of households assisted. These households are not included in the household counts reported in the table: Connecticut, 88,536 - \$20.01 benefits; Maine, 7,964 - \$21 benefits; Massachusetts, 126,248 - \$21 benefits; Michigan, 167,908 - \$20.01 benefits; Montana, 991 - \$25 benefits or 5% of the amount of a regular LIHEAP benefit; New York, 274,532 - \$21 benefits; Oregon, 45,263 - \$21 benefits; Pennsylvania, 271,874 - \$21 to \$24 benefits; Rhode Island, 13,353 - \$20.01 benefits; Washington, 212,493 - \$20.01 benefits.

^v The following state provided non-emergency heating repairs or replacements to households as part of their heating assistance benefits. These households are included in the heating assistance counts in the table: Nebraska (13).

ⁱ (1) The data in this table are current as of August 31, 2019. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate cooling assistance.

ⁱⁱ Counts and percent distributions exclude households that received combined heating and cooling assistance in California and Nevada; and households that received energy assistance in Hawaii; with no differentiation made between heating and cooling assistance. These states reported these households under heating assistance.

ⁱⁱⁱ The following states provided non-emergency cooling installations, repairs, or replacements to households as part of their cooling assistance benefits. These households are included in the cooling assistance counts in the table: Delaware (296) and Nebraska ([central AC repair/replacement – 7] and [window AC repair/replacement – 39]).

^{iv} North Dakota assisted households with non-crisis cooling equipment repair and replacement services using funding obligated to emergency cooling equipment repair and replacement but reported these households under cooling assistance.

Wyoming ⁱⁱⁱ	1,534	26.5	40.4	22.4	70.7

ⁱ (1) The data in this table are current as of August 31, 2019. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate cooling assistance.

ⁱⁱ Households in winter fuel crisis situations received expedited heating assistance in Alaska, Kansas, Massachusetts, New Hampshire, and Washington.

ⁱⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits. These households are not included in the household counts reported in the table: Alaska (117), California (4,303), Colorado (1,324), District of Columbia (80), Idaho (147), Illinois (735), Iowa (731), Maine (24), Maryland (368), Michigan (785), Minnesota (4,767), Mississippi (2,008; done on an emergency or non-emergency basis), Missouri (71), Montana (1,261), New Jersey (5,237), New York (2,207), North Dakota (966), Ohio (146), Oregon (280), Pennsylvania (8,706), Rhode Island (327), South Carolina (308), South Dakota (503), Texas (1,089), Utah (365), Vermont ([furnace repair/replacement – 288] and [tank replacement – 136]), Virginia (2,488), Washington (426), West Virginia (1,137), Wisconsin (507), and Wyoming (317).

^{iv} 9,776 of the households assisted by Connecticut’s winter crisis assistance program also received Safety Net Assistance.

^v Florida’s winter crisis assistance counts exclude 58 households that received other crisis assistance, including blankets, fans, heaters, or minor energy related repairs.

^{vi} Households in winter fuel crisis situations received expedited heating assistance in Massachusetts. Funding obligated to these households was reported under heating assistance but the household counts were reported under winter crisis assistance.

^{vii} Michigan’s winter crisis assistance count excludes 43,293 households that received assistance through the Michigan Energy Assistance Program and 2,037 households that received assistance through their Deliverable Fuels program.

^{viii} Washington’s winter crisis assistance count excludes 463 households that received Rental Assistance and 16 households that received other emergency services.

Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate cooling assistance.

ⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits. These households are not included in the household counts reported in the table: Alaska (117), California (4,303), Colorado (1,324), District of Columbia (80), Idaho (147), Illinois (735), Iowa (731), Maine (24), Maryland (368), Michigan (785), Minnesota (4,767), Mississippi (2,008; done on an emergency or non-emergency basis), Missouri (71), Montana (1,261), New Jersey (5,237), New York (2,207), North Dakota (966), Ohio (146), Oregon (280), Pennsylvania (8,706), Rhode Island (327), South Carolina (308), South Dakota (503), Texas (1,089), Utah (365), Vermont ([furnace repair/replacement – 288] and [tank replacement – 136]), Virginia (2,488), Washington (426), West Virginia (1,137), Wisconsin (507), and Wyoming (317).

ⁱⁱⁱ California’s year-round crisis assistance count excludes 600 households served with the state’s Severe Weather Energy Assistance and Transportation Services (SWEATS).

^{iv} Households in year-round fuel crisis situations received expedited heating assistance in Maryland.

^v Nebraska’s year-round crisis assistance count excludes 333 households that received deposit assistance.

^{vi} Nevada’s year-round crisis assistance count excludes 1 household assisted through the state’s Crisis Intervention Program.

^{vii} South Carolina’s year-round crisis assistance count excludes 126 households that were provided air conditioners.

^{viii} Wisconsin’s year-round crisis assistance count excludes 4,080 households that received assistance through the Keep WI Warm Fund.
