

*LIHEAP Report to Congress for Fiscal Year 2020: **Part IV. Program Implementation Data***
Supplemental Tables: State Maximum LIHEAP Income Eligibility Standards

Table IV-1. Percent of States Selecting Various Maximum LIHEAP Income Eligibility Standards, FY 2020ⁱ

LIHEAP Income Eligibility Standards (by Percentage Intervals of 2019 HHS Poverty Guidelines)	Heating Assistance	Cooling Assistance	Winter Crisis Assistanceⁱⁱ	Year-Round Crisis Assistanceⁱⁱⁱ	Summer Crisis Assistance^{iv}	Weatherization Assistance
Number of states	50	23	23	26	6	47
Household income at or above 150% (percentage of States)	84%	87%	83%	92%	83%	100%
Household income between 111%—149% (percentage of States)	14	13	17	8	17	0
Household income at 110% (percentage of States)	2	0	0	0	0	0

ⁱ The data in this table are current as of August 1, 2021. These data are derived from *LIHEAP Performance Data Form for FY 2020 - Grantee Survey* and based on reported income standards for assistance provided with regular LIHEAP funds. Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱ Refers to winter crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved air conditioner repair or replacements.

Wisconsin	214	--	--	214	--	214
Wyoming	202	--	202	--	--	202

ⁱ (1) Maximum annual income cutoffs for 4-person households were obtained from the *LIHEAP Performance Data Form for FY 2020 - Grantee Survey* and based on reported income standards for assistance provided with regular LIHEAP funds. These data are current as of August 1, 2021. The income cutoffs were converted into percentages of the 2019 HHS Poverty Guidelines (HHSPG). The table does not reflect different income cutoffs in place for households with an older adult, a member with a disability, or young children, or other crisis assistance, as set by states. (2) The federal maximum LIHEAP income eligibility guidelines for FY 2020 were based on the greater of 150 percent of 2019 HHSPG or 60 percent of state median income (SMI) for use in FY 2020, based on household size. Optionally, states were permitted to adopt the 2020 HHSPG in place of the 2019 HHSPG to set their maximum income eligibility guidelines for FY 2020. In addition, states were permitted to use the federal maximum LIHEAP income eligibility guidelines or the federal maximum Weatherization Assistance Program (WAP) income eligibility guidelines (200 percent of HHSPG) to set their maximum income eligibility standards for weatherization assistance in FY 2020. States with maximum income eligibility standards listed that are greater than 150 percent of 2019 HHSPG are verified as being at or below the federal maximum LIHEAP income eligibility guidelines for FY 2020. (3) A designation of "--" indicates that these data are not applicable for states that did not provide that type of assistance.

ⁱⁱ Refers to winter crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved air conditioner repair or replacements.

^v Expedited heating assistance was provided to households in crisis fuel situations in Alaska, Kansas, Maryland, Massachusetts, New Hampshire, and Washington.

^{vi} Combined heating and cooling assistance was provided in Nevada and energy assistance was provided in Hawaii, with no differentiation made between heating and cooling assistance. These states reported funds obligated and households served under heating assistance. A cooling assistance eligibility standard of "--" is thus applied to each state.
