Washington	\$0
West Virginia	\$4,542,448
Wisconsin	\$8,099,833
Wyoming	\$1,091,095

ⁱ These data are compiled from the *LIHEAP Performance Data Form for FY 2021 - Grantee Survey*. These data are current as of August 19, 2022.

LIHEAP Report to Congress for Fiscal Year 2021
Supplemental Tables: LIHEAP Supplemental CARES Act Information

Supplemental Table CARES-I-6. National Estimates of States' Uses of LIHEAP Supplemental CARES Act Funds, FY 2021ⁱ

Uses of LIHEAP Supplemental CARES Act Funds	Number of States ⁱⁱ	Estimated Obligations	Percent of Funds ⁱⁱⁱ
Total	39	\$334,222,354	100.0%
Heating assistance	28	179,554,806	53.7
Cooling assistance	7	26,837,884	8.0
Energy crisis assistance	19	74,344,372	22.2
Weatherization assistance	10	29,455,852	8.8
Nominal payments ^{iv}	2	358,322	0.1
Returned to ACF ^v	8	9,442,437	2.8
Development of leveraging resources	0	0	0.0
Assurance 16 activities ^{vi}	3	200,617	0.1
Administrative and planning costs	18	14,028,064	4.2
Other	0	0	0.0

ⁱ These data are compiled from the *LIHEAP Performance Data Form – Grantee Survey Section for FFY 2021*. These data are current as of August 19, 2022.

ⁱⁱ The total number of states that obligated funds to a specific type of assistance may differ from the total number of states that served households with that type of assistance (see CARES Table III-1) because states may have obligated their LIHEAP Supplemental CARES Act funds in FY 2021 but not expended those funds to serve households until FY 2022.

ⁱⁱⁱ Percentage distribution of uses of LIHEAP funds may not add up to 100 percent due to rounding.

^{iv} In FY 2015, OCS specifically instructed grant recipients to separate SNAP nominal payment obligations and beneficiary households from their heating assistance data. This is consistent with the guidance in FY 2021.

^v States were required to obligate their LIHEAP Supplemental CARES Act allotment during FY 2020 or FY 2021. States that had unobligated CARES funds remaining at the end of FY 2021 returned these funds to ACF.

^{vi} Funds obligated for Assurance 16 activities consisted of LIHEAP funds used to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors.

LIHEAP Report to Congress for Fiscal Year 2021
Supplemental Tables: LIHEAP Supplemental CARES Act Funding and Households

ⁱ These data are compiled from the *LIHEAP Performance Data Form – Grantee Survey Section for FFY 2021*. They are current as of August 19, 2022.

ⁱⁱ States were required to obligate their LIHEAP Supplemental CARES Act allotment during FY 2020 or FY 2021. States that had unobligated CARES funds remaining at the end of FY 2021 returned these funds to ACF.

ⁱⁱⁱ Development of leveraging resources consists of LIHEAP funds used to identify, develop, and demonstrate leveraging incentive programs. Grant recipients may spend up to 0.08 percent of funds payable or \$35,000, whichever is greater, to conduct such activities each fiscal year.

^{iv} Funds obligated for Assurance 16 activities were used to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors.

^v Arizona, Delaware, Florida, Iowa, Kentucky, Louisiana, Mississippi, Nebraska, South Carolina, Tennessee, Utah, and Washington obligated all of their LIHEAP Supplemental CARES Act funds in FY 2020.

^{vi} LIHEAP Supplemental CARES Act funds provided for energy crisis assistance benefits include funds for emergency heating/cooling repairs or replacements for the following states: Colorado (\$1,050,521), District of Columbia (not specified), Michigan (not specified), Minnesota (\$5,961,662), Pennsylvania (\$237,676), Texas (not specified), and Vermont ([furnace repair/replacement – \$402,004] and [tank replacement – \$154,538]).

LIHEAP Report to Congress for Fiscal Year 2021
Supplemental Tables: LIHEAP Supplemental CARES Act Funding and Households

Supplemental Table CARES-III-1. Number of Households Assisted with and States Providing Assistance with LIHEAP Supplemental CARES Act Funds, by Type of Assistance, as Reported by States, FY 2021ⁱ

Type of LIHEAP Assistance Furnished with LIHEAP CARES Act Funds	Number of States Providing Assistance with LIHEAP CARES Act Funds ⁱⁱ	Number of Households Assisted with LIHEAP CARES Act Funds
Heating	31	1,067,426
Cooling	9	79,569
Winter crisis	8	80,663
Year-round crisis	17	68,401
Summer crisis	2	21,634
Weatherization	12	6,969
Any type	47	1,305,851

ⁱ These data are collected from the *LIHEAP Household Report for FY 2021*. They are current as of August 19, 2022.

ⁱⁱ The total number of states providing a specific type of assistance benefits to households may differ from the total number of states that obligated funding to that specific type of assistance (see CARES Table I-6) because states may have obligated their LIHEAP Supplemental CARES Act funds in FY 2021 but not expended those funds to serve households until FY 2022.

Wyoming	1,055	0	949	0	0	0	1,055

ⁱ The data in this table are current as of August 19, 2022.

ⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits using LIHEAP Supplemental CARES Act funds. These households are excluded from the crisis assistance counts from Supplemental Table CARES-III-2: California (488), Colorado (652), District of Columbia (49), Iowa (335), Minnesota (3,069), Missouri (Air Conditioner Purchase – 11), Mississippi (4), Nevada (19), Oregon (3), Pennsylvania (927), Texas (161), Vermont ([furnace repair/replacement -324] and [tank replacement – 121]), Washington (120).

ⁱⁱⁱ Florida provided additional crisis assistance to 2,091 households that received Other Types of Assistance, including blankets, space heaters, fans, and other items.

^{iv} Louisiana provided additional COVID supplemental assistance to 4,401 households and reported this assistance under “Other Crisis” assistance.

^v Nevada provides combined heating and cooling assistance. These households are all reported under heating assistance.

^{vi} North Dakota provided additional crisis assistance to 9,980 households that received Pandemic LIHEAP (P-LIHEAP) supplemental benefits.

^{vii} Washington provided additional crisis assistance to 261 households that received Shelter Assistance and to 60 households that received Other Emergency Services, including blankets, space heaters, and minor repairs/replacement to heating units.

ⁱ Household average benefits were gathered from state estimates reported on the *LIHEAP Performance Data Form for FY 2021 - Grantee Survey*, as described in Appendix A of this report. The data in this table are current as of August 19, 2022. State-reported household average benefit amounts from LIHEAP Supplemental CARES Act funds may reflect actual benefits during FY 2021 and anticipated average benefits as states prepared to expend these funds during subsequent fiscal years. States were not asked to estimate household average benefits for weatherization assistance because estimates would not be comparable to estimated household average benefits for other types of LIHEAP assistance due to the relatively larger role of labor and other support costs involved in weatherization and wide variations in how states define low-cost weatherization. In addition, average benefits are not comparable to calculations of the amount of obligated funds per household due to states obligating funds in 1 federal fiscal year but expending them in the next federal fiscal year.

ⁱⁱ Average benefits do not include funds used to provide nominal benefits to SNAP households or households assisted with these benefits as grant recipients were required to break out these obligations and households for FY 2021.

ⁱⁱⁱ A designation of "--" is reported under cooling assistance for states where combined heating and cooling assistance was provided (Nevada). The state reported such funds under heating assistance.

^{iv} A designation of "--" indicates for winter crisis assistance that these states did not provide a separate count because they provided households in winter crisis with expedited heating assistance (Massachusetts, New Hampshire).

^v A designation of "--" indicates for year-round crisis assistance that these states did not provide a separate count because they provided households in year-round crisis with expedited heating assistance (Washington).

^{vi} The designation of "--" for Texas is because the state was unable to provide an accurate estimate due to partial reporting by subrecipients.

Supplemental Tables: LIHEAP Supplemental CARES Act Funding and Households

Supplemental Table CARES-III-7. Percent of Assisted Households, Classified by 2020 HHS Poverty Guideline Intervals, by Type of LIHEAP CARES Assistance, Nationally, FY 2021ⁱ

2020 HHS Poverty Guideline Intervalsⁱⁱ	Heating Assistance	Cooling Assistance	Winter Crisis Assistance	Year-Round Crisis Assistance	Summer Crisis Assistance	Weatherization Assistance
Under 75%	42.7%	44.2%	48.5%	47.2%	55.8%	16.7%
75%-100%	23.4	22.6	22.4	22.3	21.1	22.5
101%-125%	15.0	14.5	16.2	15.5	13.9	18.2
126%-150%	10.1	9.5	11.4	10.7	8.4	14.3
Over 150%	8.8	9.1	1.6	9.2	0.7	28.3

ⁱ These data are derived from the *LIHEAP Household Report for FY 2021*. These data are current as of August 19, 2022. National percentages are calculated for those states that reported complete data, by type of LIHEAP assistance. Uniform data on households receiving assistance from LIHEAP Supplemental CARES Act funds and classified by intervals of the 2020 HHS Poverty Guidelines (HHSPG) was 100 percent for all types of assistance. Percent distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱ Poverty percentages are computed using gross household incomes adjusted by household size. However, there are states that use net household income in determining income eligibility. For those states, the distribution of poverty percentages could be skewed towards the higher end of the poverty level.

LIHEAP Report to Congress for Fiscal Year 2021
Supplemental Tables: LIHEAP Supplemental CARES Act Information

Table CARES-III-8. Percent of LIHEAP CARES Assisted Households with at Least One Member Who is an Older Adult, a Member with a Disability, or a Young Child by Type of Assistance, Nationally, FY 2021ⁱ

Type of Vulnerable Household	Heating Assistance	Cooling Assistance	Winter Crisis Assistance	Year-Round Crisis Assistance	Summer Crisis Assistance	Weatherization Assistance	Any Type of Assistance
Older adult	46.5%	39.2%	27.3%	34.1%	35.6%	59.4%	44.1%
Member with a disability	42.0	35.4	25.2	43.3	38.4	40.6	40.4
Young child	13.2	18.4	22.9	20.7	20.2	10.7	14.3
Older adult, member with a disability, or young child	74.0	68.1	61.8	72.6	69.7	74.7	72.3

ⁱ These data are derived from the *LIHEAP Household Report for FY 2021*. They are current as of August 19, 2022.

(1) Definitions of “older adult,” “member with a disability,” and “young child” are as follows: “older adult” refers to a member who is 60 years old or older, “disability” varies from state-to-state, and “young child” refers to a member who is 5 years old or younger. A household could have members that were reported in more than 1 of the 3 groups of vulnerable households. (2) National percentages are calculated for those states that reported complete data, by type of LIHEAP assistance. Uniform data on households receiving assistance from LIHEAP Supplemental CARES Act funds and classified as vulnerable was 100 percent for all assistance types.

ⁱ (1) The data in this table are current as of August 19, 2022. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of "disability" vary among the states.

ⁱⁱ The following states provided nominal benefits for SNAP households and reported the number of households assisted. These households are not included in the household counts reported in the table: Montana, 5 - \$25 benefits or 5 percent of the amount of a regular LIHEAP benefit; New York, 15,273 - \$21 benefits; Washington, 39,658 - \$20.01 benefits.

ⁱⁱⁱ Counts and the percentage distributions include households that received combined heating and cooling assistance in Nevada. The state reported these households under heating assistance.

ⁱ (1) The data in this table are current as of August 19, 2022. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states.

LIHEAP Report to Congress for Fiscal Year 2021
Supplemental Tables: LIHEAP Supplemental CARES Act Information

Supplemental Table CARES-IV-1. Percent of States Selecting Various Maximum LIHEAP CARES Income Eligibility Standards, FY 2021ⁱ

LIHEAP Income Eligibility Standards (by Percentage Intervals of 2020 HHS Poverty Guidelines)	Heating Assistance	Cooling Assistance	Winter Crisis Assistanceⁱⁱ	Year-Round Crisis Assistanceⁱⁱⁱ	Summer Crisis Assistance^{iv}	Weatherization Assistance
Number of states ^v	28	7	7	11	1	10
Household income at or above 150 (percentage of states)	89%	100%	86%	100%	0%	100%
Household income between 111-149 (percentage of states)	11	0	14	0	100	0
Household income at 110 (percentage of states)	0	0	0	0	0	0

ⁱ The data in this table are current as of August 19, 2022. These data are derived from *LIHEAP Performance Data Form - Grantee Survey Section for FY 2021*. Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱ Refers to winter crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved air conditioner repair or replacements.

^v Excludes states that that did not obligate LIHEAP Supplemental CARES Act funds for the applicable assistance type.

ⁱ (1) Maximum annual income cutoffs for 4-member households were obtained from the *LIHEAP Performance Data Form for FY 2021 - Grantee Survey*. These data are current as of August 19, 2022. The income cutoffs were converted into percentages of the 2020 HHS Poverty Guidelines (HHSPG). The table does not reflect different income cutoffs in place for households with older adults, members with a disability, or young children; or other crisis assistance, as set by states. (2) The federal maximum LIHEAP income eligibility guidelines for FY 2021 were based on the greater of 150 percent of 2020 HHSPG or 60 percent of state median income (SMI) for use in FY 2021, based on household size. Optionally, states were permitted to adopt the 2021 HHSPG in place of the 2020 HHSPG to set their maximum income eligibility guidelines for FY 2021. In addition, states were permitted to use the federal maximum LIHEAP income eligibility guidelines or the federal maximum Weatherization Assistance Program (WAP) income eligibility guidelines (200 percent of HHSPG) to set their maximum income eligibility standards for weatherization assistance in FY 2021. States with maximum income eligibility standards listed that are greater than 150 percent of 2020 HHSPG are verified as being at or below the federal maximum LIHEAP income eligibility guidelines for FY 2021. (3) A designation of "--" indicates that these data are not applicable for states that did not provide that type of assistance using LIHEAP Supplemental CARES Act funds.

ⁱⁱ Refers to winter crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved air conditioner repair or replacements.

^v Combined heating and cooling assistance was provided in Nevada. The state reported funds obligated and households served under heating assistance. A cooling assistance eligibility standard of "--" is thus applied.
