

Community Services Block Grant (CSBG) State Plan Eligible Entities Master List

The following is a listing of all Community Services Block Grant (CSBG) Eligible Entities within your state. Eligible entities are non-profit or public agencies that meet the requirements of Section 673(1)(A) and Section 676B of the CSBG Act. This master list should include all eligible entities that receive funding under the statutory requirement to allocate “not less than 90% funds” of the State’s CSBG Allocation to eligible entities. This information will be used to complete questions regarding your eligible entities within the State Plan and Annual Report. As well as be used as a tracking tool in the case that the name of an entity changes, there are designations or re-designations, terminations or reductions, or mergers.
