This information collection (OMB Control No. 0970-0060; Expiration Date: 10/31/18) is conducted in accordance with the Low Income Home Energy Assistance Program (LIHEAP) statute (Public Law 97-35, as amended), and 45 CFR 96.82. Information received from this collection provides data to the Administration and Congress in its oversight of grantees' performance in administering the LIHEAP program.

The responses to this collection are required in order to obtain LIHEAP funding in accordance with Section 2605(c)(1)(G) of the LIHEAP statute. Specifically, this information collection is required of direct-grant Indian Tribes and Tribal Organizations that are applying for FY 2016 LIHEAP funds.

This information is not considered confidential; therefore, no additional safeguards are considered necessary beyond that customarily applied to routine government information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Introduction

Section 309 of the Human Services Amendments of 1994, Public Law 103-252, amended section 2605(c)(1)(G) of the LIHEAP statute to require grantees, as part of their annual LIHEAP grant application, to report certain data on households which apply for LIHEAP assistance and on households which receive LIHEAP assistance in the most recent Federal Fiscal Year.

Federal LIHEAP funds

Households could be assisted in FY 2015 with the following Federal LIHEAP funds:

- FY 2015 LIHEAP regular block grant funds and, if applicable, leveraging incentive funds;
- LIHEAP funds carried over from FY 2014;
- LIHEAP block grant funds reallocated to FY 2015
- LIHEAP funds obligated in FY 2014 that were expended in FY 2015;
- Assurance 16 funds; and
- Oil overcharge (Petroleum Violation Escrow) funds, if any, designated for LIHEAP.

The purpose is to report on the number of households assisted with all available LIHEAP funds during FY 2015, including those LIHEAP funds obligated in FY 2014, but not expended until FY 2015.

Basic Types of LIHEAP assistance

LIHEAP grantees have the flexibility to choose which types of LIHEAP assistance best meet the needs of their low income households. Federal LIHEAP funds are used to provide the following basic types of assistance to households:

- heating assistance;
- cooling assistance;
- winter crisis assistance
- year round crisis assistance;
- summer crisis assistance; and
- weatherization and energy-related home repairs.

Final LIHEAP household data for FY 2015 needs to be submitted to us by **December 31, 2015**.

General Requirements

Your understanding of the reporting instructions will minimize our need to contact you for clarification or correction of your agency's reported data, saving both our agencies time and effort.

Identifying Information

Please include the following identifying information in your agency's *LIHEAP Household Report*: the name, email address, and telephone number of the person to be contacted if we need to follow up with your agency about its *LIHEAP Household Report*. You will not be able to submit the report through the Administration for Families and Children's Online Data Collection (OLDC) system if this information is not included.

Reporting Period

Household data are for the reporting period for FY 2015 (October 1, 2014 - September 30, 2015). Grantees may operate their programs on a different program year (e.g., starting January 1 or July 1). However, complete household data still need to be reported for FY 2015.

Definition of Household

The unit of LIHEAP counting is the household; not the head of household or persons in the households. LIHEAP household counts need to be consistent with Section 2603(5) of the LIHEAP statute that defines the term "household" as “any individual or group of individuals who are living together as one economic unit for whom residential energy is customarily purchased in common or who make undesignated payments for energy in the form of rent.”

Given the above definition, a homeowner, a renter whose home energy costs are not included in its rent, and a renter whose home energy costs are included in its rent are counted as separate households. Also, a boarder who rents from a homeowner a basement with its own heating or cooling system is counted as a separate household.

Households Assisted with Federal LIHEAP Funds

Count all households assisted in FY 2015 with **Federal** LIHEAP funds, as indicated above. Include all households that received LIHEAP weatherization assistance even if those funds were used under the Department of Energy’s Low Income Weatherization Assistance Program.

Unduplicated Household Counts

Report unduplicated counts of household counts that received LIHEAP assistance, by type of LIHEAP assistance provided in FY 2015. The concept of unduplicated counts means that an item, such as a household, is counted only once for a specific category. For example, a household receives two heating assistance benefits and three winter crisis assistance benefits. Count that assisted household once under the category of heating assistance and once under the category of winter crisis assistance.

Submission

December 15, 2015 is the deadline for all tribes to submit their *LIHEAP Household Report Short Form for FY 2015*. (This date may be extended for tribal grantees if the state(s) in which the tribe is located agrees to a later date. The date may be extended for state or territorial grantees if HHS agrees to a later date.)
