NOTES: * Unearned income includes a variety of income sources, most notably the Earned Income Tax Credit (EITC), Social Security, Supplemental Security Income (SSI), Unemployment Insurance, and Workers' Compensation. For certain sources, such as the EITC or SSI, the income may be disregarded. In some cases, income received in a report month may affect eligibility or benefit amount for a subsequent month. In addition, in the case of the EITC, the benefit is typically received as an annual lump sum and is not treated as income in the month of receipt, so it is not reflected in this data collection for the vast majority of families that receive it.

EITC is not taken into consideration
