Federated States of Micronesia: Efforts to Combat Human Trafficking
U.S. Department of Health and Human Services Region IX
This state profile summarizes regionally specific data to help promote collaboration and inform and enhance the response to human trafficking in Micronesia. Information was reported to the National Human Trafficking Hotline from December 2012 to December 2016.

Fewer than three cases of human trafficking were reported to the National Human Trafficking Hotline from Micronesia, so a heatmap indicating the general locations of the cases cannot be produced.

Types of Calls to the National Human Trafficking Hotline in 2016

The National Human Trafficking Hotline did not receive enough calls from Micronesia in 2016 to create a graph indicating the types of calls received.

TOP SEX TRAFFICKING VENUES
All sex trafficking venues reported fewer than three times.

TOP LABOR TRAFFICKING VENUES
All labor trafficking venues reported fewer than three times.

The data contained in this document are based on aggregated information learned through signals—phone calls, emails, and online tip reports—received by the National Human Trafficking Hotline. The data do not represent actual numbers of cases identified or processed, nor do they represent the entire scope of human trafficking.
