Types of Calls to the National Human Trafficking Hotline in 2016

The National Human Trafficking Hotline did not receive enough calls from the Republic of Palau in 2016 to create a graph indicating the types of calls received.

The data contained in this document are based on aggregated information learned through signals—phone calls, emails, and online tip reports—received by the National Human Trafficking Hotline. The data do not represent actual numbers of cases identified or processed, nor do they represent the entire scope of human trafficking.
