PARIS Statistical Interstate Matches

This page statistically shows your Interstate matches. First, it shows how many times your records matched another State record.

For Example:

1. If the 'NUM_OF_STATES_MATCHED' equals 1, then the number in the 'Frequency' equals the number of your SSNs that matched only one other State.
2. If the 'NUM_OF_STATES_MATCHED' equals 2, then the number in the 'Frequency' equals the number of your SSNs that matched two other States.
3. If the 'NUM_OF_STATES_MATCHED' equals 3, then the number in the 'Frequency' equals the number of your SSNs that matched 3 other States. Etc.

Secondly, this page shows each State that matched your records and how many of their records matched yours. It also includes your State with the number of your records that matched the other states.
