LEARNING PROGRAMS

STATE STATISTICS &
STATE EFFORTS

- Average number of children 18 and under who receive meals in emergency shelters daily is 22 (CACFP/USDA).
- More than 26 percent of children 18 and under lived in households that lacked access to adequate food in 2013 (Children's Defense Fund).
- Nearly one in three children (31.7 percent) under 6 years old lived below the Federal Poverty Level in 2013.
- In the reauthorization of Head Start by the Improving Head Start for School Readiness Act of 2007 (Public Law 110-134), age-eligible children whose families are determined to be homeless are categorically eligible for Head Start and Early Head Start programs. Alabama has 566 Early Head Start-Child Care Partnership and Expansion (EHS-CCP) slots that could expand necessary assistance to homeless children.
- Alabama is considered to have a separate Children's Health Insurance Program (CHIP), but it technically has a combination of Medicaid expansion and CHIP. Current Medicaid covers children under 6 years old up to 141% of Federal Poverty Level (FPL). CHIP covers children up to 312 % of FPL (CMS).
