LEARNING PROGRAMS

STATE STATISTICS &
STATE EFFORTS

- Average number of children 18 and under who receive meals in emergency shelters daily is 88 (CACFP/USDA).
- More than 23 percent of children 18 and under lived in households that lacked access to adequate food in 2013 (Children's Defense Fund).
- Nearly one in five children (19.1 percent) under 6 years old lived below the Federal Poverty Level in 2013.
- In the reauthorization of Head Start by the Improving Head Start for School Readiness Act of 2007 (Public Law 110-134), age-eligible children whose families are determined to be homeless are categorically eligible for Head Start and Early Head Start programs. West Virginia has 180 Early Head Start-Child Care Partnership and Expansion (EHS-CCP) slots that could expand necessary assistance to homeless children.
- West Virginia is considered to have separate programs, however it technically has a combination of Medicaid expansion and a separate program. Current Medicaid covers children ages 0 to 1 up to 158 percent of Federal Poverty Level (FPL), and covers children ages 1 to 5 up to 141 percent of FPL. Children's Health Insurance Program covers children up to 300 percent of FPL (CMS).
