  - On the Performance Measures Website - https://tpp.rti.org/
    - On the home page, and
    - Under the "Resources" tab
  - On the OAH Web site: http://www.hhs.gov/ash/oah/news/webinars.html
- Script for Perceived Impact
- Help Desk request on website
- Additional resources added as needed

Reporting Options

- Option 1: Reporting raw data directly into the web system
- Option 2: Uploading raw data by means of spreadsheets using pre-defined variables
- Option 3: Entering aggregated data into the system. Only grantees with approval will see the fields for entering aggregated data

- NOTE: Please indicate your selected reporting Option # in an email to your Project Officer no later than 12:00 noon on Wednesday, April 25, 2012.

Grantee-Level Measures: Program Structure – Reach

- Includes all program participants, regardless of whether or not in the evaluation
- Measures
  - # of youth served, by demographic characteristics
  - # of other types of clients served (e.g., parents)
- Reporting
  - Option 1 and Option 2 participant level demographic information
  - Option 3 aggregated data, classified by demographic characteristics

Grantee-Level Measures: Program Structure – Partners

- Measures
  - # of organizations partnering with grantee (with formal agreements, without formal agreements, currently assisting)
  - Retention of partners: # with formal agreements still involved at end of reporting period
- Reporting
  - All grantees are to enter aggregated data on website

Grantee-Level Measures: Program Structure – Training

- Any type of training that improves facilitators' delivery of the program (e.g., adolescent development, classroom management, retention strategies) not just curricular
- Measures
  - # of new facilitators trained
  - # of facilitators receiving follow-up training
- Reporting
  - All grantees are to report aggregated data on the website

Grantee-Level Measures: Program Structure – Dissemination

- Materials should be related to the funding through the PREIS grant (e.g., experiences in implementing the program, lessons learned, or evaluation results)
- Measures
  - # of manuscripts accepted for publication or published (with publication information)
  - # of manuscripts submitted for publication
  - # of presentations (by level, with titles and venues)
  - Packaging of programs for replication
- Reporting
  - All grantees are to report aggregated data on website

Grantee-Level Measures: Program Implementation – Dosage

- Measure of "how much" of program participants received
  - Calculated using attendance data
  - Collected on all participants, even those not in the evaluation
- Measures
  - Mean and median % of program services received by youth by gender and age
  - Mean and median % of program services received by any other types of participants (e.g., parents)
  - % of participants that received at least 75% of the program by gender and age (for youth)
- Reporting
  - Option 1 and Option 2 report attendance data for every participant for every session on website or by uploading spreadsheets
  - Option 3 report aggregated data by gender and age (for youth) and for other participants

Grantee-Level Measures: Program Implementation – Fidelity

- Addresses how well the implementation adhered to the program's model
- Measures
  - Based on facilitator reporting
    - % of completed sessions for which there is a fidelity monitoring log
    - Mean and median % of activities completed
  - Measures based on observations (10% of sessions)
    - Mean and median % of activities completed
    - Score on quality assessment form
  - Additional measures
    - % of sessions completed
    - Score on fidelity process scale
- Reporting
  - Option 1 and 2 report the required data for each session on the website or by uploading spreadsheets and aggregated data for the additional measures on the website
  - Option 3 report aggregated data for all measures on the website

Participant-Level Measures: Perceived Impact

- Collected anonymously either at end of program, or annually (for longer programs)
- Must collect demographic data as well
- Sample script to facilitate administration of questions is on web site, under “Resources” tab
- Measures:
  - Perceived impact on sex
  - Perceived impact on condom use
  - Perceived impact on birth control use
  - Perceived impact on abstinence
- Reporting
  - All grantees must report non-aggregated data, either on the website or by uploading spreadsheets

Participant-Level Measures: Behaviors and Intentions

- Reported by evaluators, not grantees
- Baseline and follow-up data for intervention and control groups if youth have parental permission to be in evaluation
- Measures
  - Behaviors
    - Sex in last 3 months
    - Condom use if had sex
    - Birth control use if had sex
  - Intentions
    - To have sex in next year
    - To use a condom if have sex
    - To use birth control if have sex

Comparison Groups in Rigorous Evaluations

- Collect and report Behavioral and Intention data if they are participating in the evaluation
- Do not administer Perceived Impact on comparison youth
- Do not report Attendance data on comparison youth
- Do not report Fidelity for any comparison program

Program Youth without Parental Permission

- All youth receiving program services must be counted for measures of Reach and Dosage
- If they do not have parental permission to be in the evaluation or to respond to perceived impact questions, they are still to be counted for Reach and Dosage

Reporting Dates

- All data must be uploaded no later than November 30 and May 31 of each year
- May 31 report includes data from September 30 – March 31
- November 30 report includes data from April 1 – September 29
- Enter data early to ensure that questions may be answered in a timely fashion
- Those who wish to use Option 3 must send their project officer a detailed description of the system for approval well in advance of the reporting deadline
