Food Desert Locator:

www.ers.usda.gov/Data/FoodDesert

Food Atlas:

www.ers.usda.gov/foodatlas

The screenshot shows a Windows Internet Explorer browser window displaying the Food Desert Locator website. The browser's address bar shows the URL <http://www.ers.usda.gov/Data/FoodDesert/>. The website's navigation menu includes links for Home, Enter Locator, About the Locator, Documentation, Download the Data, More Maps, and ERS Website. The main content area features the title "Food Desert Locator" and a descriptive paragraph: "Get a spatial overview of low-income neighborhoods with high concentrations of people who are far from a grocery store." Below this is a call to action "Enter Locator" and a small map showing a geographic area with a data overlay. The website is attributed to the U.S. Department of Agriculture and Economic Research Service. A context menu is open over the map area, showing options like Back, Forward, Save Background, and Print. The Windows taskbar at the bottom shows several open applications, including Microsoft Office Word and Excel, and the system clock displays 10:20 AM.
