

Building Capacity to Evaluate Interventions for Youth with Child Welfare Involvement At-Risk of Homelessness, 2013-2015

Project Overview

This project provides evaluation-related technical assistance to organizations awarded planning grants for the development of interventions for youth with child welfare involvement who are most likely to experience homelessness. Key project tasks include providing technical assistance on use of data required to inform planning activities and on the development of evaluation plans; conducting evaluability assessments; and conducting a process evaluation of grantees' planning processes and outcomes.
