

Sample Logic Model

2. Inputs

Resources needed to accomplish your TTCW program activities (e.g., key staff and their qualifications; collaborative partners; funding; etc.)

Funding through the coordination grant

Tribal resources

Child Welfare staff

TANF staff

Program staff positions funded by the grant

Tribal Leadership/
Elders/Communities

Secondary service partners

Tribal families

3. Activities

Your TTCW program's activities/interventions (e.g., direct services, activities, products, approaches, etc.).

Service coordination activities between TANF and Child Welfare and secondary partners

AND

Provision of culturally relevant services that align with one or more of the prescribed focus areas of the grant.

4. Outputs

Direct products or deliverables of your TTCW program activities (i.e., immediate and concrete results of a service or activity, typically stated in terms of quantities).

Coordinated service delivery and integrated case management

Participants receive and complete culturally relevant services that reflect their needs

5. Outcomes

Changes you expect to occur as a result of your TTCW program's services and activities (i.e., the results of your TTCW program, typically stated in terms of the changes in the population or system that are intended to result from the program outputs).

Improved case management

Increased collaboration between Tribal TANF and Child Welfare

Improved parenting skills and increased capacity to meet child needs

Increased self-sufficiency for parents/ economic stability

Improved family well-being

1. Assumptions *The effective coordination of Tribal TANF and CW services and adoption of evidence-informed and/or promising strategies will reduce the number of out-of-home placements and the incidence of child maltreatment among TANF or TANF-eligible families*
