# Virginia –Star Quality Initiative

## Program Information

This section provides general information about the QRS including the location, numbers and types of programs participating in the QRS, funding amounts, funding sources and goals.

<table>
<thead>
<tr>
<th>Site name:</th>
<th>Virginia</th>
</tr>
</thead>
<tbody>
<tr>
<td>Program name:</td>
<td>Virginia Star Quality Initiative</td>
</tr>
<tr>
<td>Service area:</td>
<td>Other geographic area</td>
</tr>
</tbody>
</table>

**Details about other geographic area:**

The Star Quality Initiative is located in 15 communities. There is a lead agency in each community/local coalition. This coalition is in charge of seeking funding and partners at the local level. The communities are made up of a general state area, usually encompassing several cities and counties. The following is a list of the 15 communities actively participating in the Star Quality Initiative.

- Alexandria/Arlington Smart Beginnings
- Smart Beginnings Historic Triangle
- Charlottesville/Albermarle Partnership for Children - Smart Beginnings
- Fairfax County School Readiness Collaborative Community Council
- Smart Beginnings Hopewell-Prince George
- Smart Beginnings Virginia Peninsula
- Prince William Area Quality Child Care Partnership
- Smart Beginnings Rappahannock Area
- Smart Beginnings South Hampton Roads
- Smart Beginnings Western Tidewater
- Smart Beginnings Central Virginia
- Smart Beginnings Greater Richmond
- Smart Beginnings of Greater Roanoke
- New River Valley Association for the Education of Young Children
- Shenandoah Valley Smart Beginnings

</tbody>
</table>
Source of funds for eligible public program: State

Total numbers of programs participating: 343

Number of participating child care centers: 343

Percent of total programs enrolled in QRS: 10% of licensed facilities. There are approximately 2,500 licensed facilities in the state.

Percent of programs at each rating level: 50% 3 Star, 25% 2 Star, 25% 4 Star, 0% 1 & 5 Star

Goals: The Virginia Star Quality Initiative not only defines standards for early childhood education and creates a framework for accountability, but it also establishes a network of support and outreach for programs and providers, provides incentives linked to achieving and maintaining quality standards, and improves information available to parents... Advancing the quality of early childhood programs available across the Commonwealth not only benefits the children who attend them by improving their school readiness, but also the public as a whole... Investing in quality early childhood programs may have a significant impact on Virginia’s economic growth and opportunities for future development in a competitive global market.

Language from statute: None

Rating Details
This section provides details about how the rating component is structured and the process that is used to rate programs.

Rating structure: Points

Number of levels: 5

Length of time rating is valid: 2 years

Rating Process: Programs that volunteer to participate are assessed by trained and experienced Star Quality Raters, who are regularly tested for consistency and reliability. A documentation review and on-site visits are conducted to determine which Star level a facility will receive. After a program has been rated, they work with Star Quality Mentors to draft and implement a quality improvement plan to help them improve their quality.

Method of combining points: Programs receive a certain number of points for each indicator across each of the four performance standards. Standard Two,
Interactions, is weighted 1.5 times greater than the other standards. Standard Three, Structure, is weighted slightly less. After accounting for these emphases, the total points earned for all indicators in all standards are summed. There is a specific point spread identified for each Star level.

**Method used to assess programs for infants/toddlers:** The methods identified for addressing infants and toddlers include different requirements within the Structure standards for ratios and group size, the use of the Infant Toddler Environmental Rating-Revised (ITERS-R) and the Toddler Classroom Assessment Scoring System (CLASS). Infant programs are not currently rated.

**Method used to assess programs for school-aged children:** The method identified to address school-aged children is the use of the School-Age Care Environment Rating Scale. School-aged care programs are not currently rated.

**Different process used to assess family child care:** No. Indicators for family child care are currently in development.

**Different process used to assess Head Start/Early Head Start:** No

**Different process used to assess accredited programs:** No

**Events that trigger re-rating:** Licensing violation or change in location prompt portions of the scales to be reassessed.

**Description of re-rating trigger:** Programs would be dropped from the Star Quality Initiative if there was a serious risk to children.

**Appeal process:** Yes

**Availability of technical assistance for rating process:** Yes

**Description of technical assistance for rating process:** Local coalitions are responsible for providing technical assistance to aid participating programs throughout the rating process.

**Availability of technical assistance for preparatory process:** Yes

**Description of technical assistance for preparatory process:** Prior to rating, programs may receive assistance from mentors and their local coordinator.

### Quality Indicators for Center-Based Programs

This section describes the indicators used in a QRS to assess the quality of center-based programs. The indicators are divided into the following categories: licensing compliance, ratio and group size, health and safety, curriculum, environment, child assessment, staff qualifications, family partnership, administration and management, cultural/linguistic diversity, accreditation, community involvement and provisions for children with special needs. A QRS may not have indicators in one or more of these categories, and the category labels used in the profile may differ from the site-specific category names.
Number of site-specific indicator categories: 4

Site-specific names of categories used in the QRS:
- Education, Qualifications, and Training
  - Part 1: Staff Education and Qualifications
  - Part 2: Ongoing Training/Professional Development
- Interactions
  - Emotional Support (ES)
  - Classroom Organization (CO)
  - Instructional Support (IS)
- Structure
  - Staff to Child Ratio And Group Size
- Environment and Instruction
  - Overall Learning Environment Subscales
  - Transition Practices

Licensing Compliance (centers)

Licensing requirements frequently serve as a minimal set of provisions to ensure that care and education environments are safe, healthy and provide for children’s basic needs. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: http://nrckids.org/STATES/states.htm.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Ratio and Group Size (centers)

Ratio and group size requirements are frequently established in state licensing regulations. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: http://nrckids.org/STATES/states.htm.

<table>

---

**Health and Safety (centers)**

Provisions for health and safety are frequently established in state licensing regulations. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

Health and safety indicators are also included in the Environment Rating Scales which are used in some QRSs.

**Health and safety indicators included:**

---

**Curriculum (centers)**

A curriculum is a written document that provides a plan for intentional activities and interactions in an early childhood program. Indicators described in this section refer to requirements for the use of particular curricula or to demonstration that certain features of curriculum are in place. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

**Curriculum indicators included:**
Environment (centers)

Indicators in this section refer to features of the classroom environment. Further details about Observational Measures included in the QRS are included in a section below. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: http://nrckids.org/STATES/states.htm.

<table>

 | | Star 3: CLASS score of 4 or higher in all scales  
 | | Star 4: CLASS score of 5 or higher in all scales  
 | | Star 5: CLASS score of 6 or higher in all scales |

Additional indicators related to the environment (e.g. activities, interactions, specific features) At Star 3, age appropriate activities to prepare children for transitions (sharing stories, reading books about transitions, visiting another classroom, visiting public school, etc)

Environment referred to within: Interactions; Environment and Instruction

Environment source of evidence: Documentation submitted; observation

Child Assessment (centers)

Indicators in this section refer to processes in place to assess, observe or monitor children’s development on a regular basis. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: http://nrckids.org/STATES/states.htm.
Staff Qualifications (centers)

Indicators in this section refer to specific educational or training requirements for staff. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

**Part 1: Staff Qualifications and Education**

**Director**

**Star 2:**
- At least 75% with a one-year community college certificate in a child-relevant field with a minimum of 30 total credit hours.
- Minimum of 2 years programmatic experience with 1 year in a supervisory capacity in a child-related environment.

**Star 3:**
- At least 75% with an Associate degree or higher in relevant field with minimum of 12 credit hours of child-related coursework.
- Minimum of 2 years programmatic experience with 1 year in a supervisory capacity in a child-related environment.

**Star 4:**
- At least 75% with a B.S./B.A. degree or higher in relevant field with minimum of 12 credit hours of child-related coursework.
- Minimum of 2 years programmatic experience with 1 year in a supervisory capacity in a child-related environment.
**Star 5:**
- At least 75% with a Master's degree or higher in relevant field with a minimum of 12 credit hours of child-related coursework.
- Minimum of 2 years programmatic experience with 1 year in a supervisory capacity in a child-related environment.

**Teacher**

**Star 2:**
- At least 75% with a Child Development Associate or equivalent 120-clock-hr credential.
- OR Community college certificate in child-related field with a minimum of 12 total credit hours.

**Star 3:**
- At least 75% with a one-year community college certificate in child-related field with a minimum of 30 total credit hours.
- At least 50% of these teachers with an Associate degree or higher in child-related field.

**Star 4:**
- At least 75% with an Associate degree or higher in child-related field
- At least 50% of these teachers with a B.S./B.A. degree or higher in child-related field.

**Star 5:**
- At least 75% with a B.S./B.A. degree or higher in child-related field.

**Assistant Teacher**

**Star 2:**
- At least 75% with a minimum high school program completion or equivalent.
- 20 clock hours or more of approved training.

**Star 3:**
- At least 75% with a 48 clock hours or more of approved training.
- At least 50% of these assistant teachers with a Child Development Associate or equivalent 120-clock-hour credential.
Star 4:
- At least 75% with a Child Development Associate or equivalent 120-clock-hour credential.
- OR Community college certificate in child-related field with a minimum of 12 total credit hours.

Star 5:
- At least 75% with a one-year community college certificate in child-related field w/minimum of 30 total credit hrs.
- At least 50% of these assistant teachers with an Associate degree or higher in a child-related field.

Part 2: Ongoing Training/Professional Development

All Staff (Directors, Teachers, and Asst. Teachers) Professional Development
Star 2:
- 28 annual clock hours of approved training.
- New Staff Orientation training completed by all new staff within 30 days of start of employment.
- Annual training plan is developed for the program and/or each staff member based on needs identified.

Star 3:
- 32 annual clock hours of approved training.

Star 4:
- 36 annual clock hours of approved training, including training.

Star 5:
- 40 annual clock hours of approved training.

Director Professional Development
Star 2:
- 30 points – Annual professional development activities (see attached document)

Star 3:
- 60 points – Annual professional development activities (see attached document)

Star 4:
- 90 points – Annual professional development activities (see attached document)

Star 5:
- 120 points – Annual professional development
activities (see attached document)

**All Instructional Staff (Teachers and Assistant Teachers) Professional Development**

**Star 2:**
- One staff member in each classroom has current first aid and CPR certification, appropriate for the ages of children in care.

**Star 3:**
- All instructional staff have current CPR and First Aid certification, appropriate for the ages of children in care.

**Star 4:**
- All instructional staff have current CPR and First Aid certification, appropriate for the ages of children in care.

**Star 5:**
- All instructional staff have current CPR and First Aid certification, appropriate for the ages of children in care.

**Teacher Professional Development**

**Star 2:**
- 30 points - Annual professional development activities (see attached document)

**Star 3:**
- 60 points - Annual professional development activities (see attached document)

**Star 4:**
- 90 points - Annual professional development activities (see attached document)

**Star 5:**
- 120 points – Annual professional development activities (see attached document)

**Assistant Teacher Professional Development**

**Star 2:** No requirements beyond licensing

**Star 3:**
- 30 points – Annual professional development activities (see attached document)

**Star 4:**
- 60 points - Annual professional development activities (see attached document)

**Star 5:**
- 90 points - Annual professional development activities (see attached document)
### Staff qualifications referred to within:

| Education, Qualifications, and Training (Part 1 and 2) |

### Staff qualifications source of evidence

| Documentation submitted |

### Comments:

Approved training topics include, but are not limited to: child development, interactions with children, behavior management, observation and assessment, developmentally-appropriate curriculum, inclusive practices, family involvement and communication, transition practices, health and safety (including medication administration, immunization requirements, daily health observation, and compliance with OSHA blood borne pathogens regulations, disease prevention, emergency preparedness), nutrition, and child abuse detection and prevention.

### Additional Requirement:

At Star 5, Transition-related training for all teaching staff involved in child’s transition

---

### Family Partnership (centers)

Indicators in this section refer to activities and strategies to involve and engage families. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

| Family partnership indicators included: | Yes |

| Description: | The family partnership indicators focus on preparing children and families to deal with upcoming transitions (e.g. going to kindergarten). |

#### Star 2:
- Orientation to the program for families
- Written plan for supporting individual children with special needs (medical, educational, or behavioral)
- General information to parents on transitioning children to another setting (information on kindergarten registration, school readiness activities, etc)

#### Star 3:
- Group meeting for parents to provide information regarding a child’s transition to another setting, including how parents can support this process
- Age appropriate activities to prepare children for
transitions (sharing stories, reading books about transitions, visiting another classroom, visiting public school, etc)

**Star 4:**
- Individual meetings with families to share specific information regarding the child’s transition to another setting
- Coordination with families and schools, programs, or agencies to transfer child records, including written information concerning child’s abilities, learning styles, medical/safety concerns

**Star 5:**
- Transition-related training for all teaching staff involved in child’s transition

**Family partnership referred to within:**
“Transition Practices” in Environment and Instruction

**Family partnership source of evidence:**
Documentation submitted

### Administration and Management (centers)

Indicators in this section refer to features of the administration and management of the program. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

<table>
<thead>
<tr>
<th>Administration and management indicators included:</th>
</tr>
</thead>
</table>

### Cultural/Linguistic Diversity (centers)

Indicators in this section refer to provisions for responsiveness to cultural and linguistic diversity. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm). Cultural/Linguistic Diversity indicators are also included in the Environment Rating Scales which are used in some QRSs.

<table>
<thead>
<tr>
<th>Cultural/linguistic diversity indicators included:</th>
</tr>
</thead>
</table>

### Accreditation (centers)

Indicators described in this section refer to accreditation by a national accrediting body. Accreditation is a process in which programs demonstrate that they meet standards set forth by the accrediting body. The standards are determined by the accrediting body. There is not a common set of standards used for early childhood program accreditation. The National Association for the Education of Young Children (NAEYC) accreditation, the National Early Childhood Program Accreditation (NECPA), the National Accreditation...
Commission for Early Care and Education Programs (NAC) and the Council on Accreditation (COA) are commonly included accreditation systems used in QRSs for center-based programs.

**Accreditation included:**

**Community Involvement (centers)**

Indicators described in this section refer to the type or frequency of involvement in the community. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm).

**Community involvement indicators included:**

**Provisions for Children with Special Needs (centers)**

Indicators described in this section refer to provisions for children with special needs and the extent to which programs meet standards for inclusion of children with disabilities or other limiting conditions. All QRS quality indicators described in this profile are beyond those required by licensing. Details on the licensing requirements for a specific state can be found at: [http://nrckids.org/STATES/states.htm](http://nrckids.org/STATES/states.htm). Provisions for Children with Special Needs indicators are also included in the Environment Rating Scales which are used in some QRSs.

<table>
<thead>
<tr>
<th>Indicators that specify provisions for children with special needs included:</th>
<th>Yes</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Comments:</strong></td>
<td><strong>Star 2:</strong>&lt;br&gt;- Programs must have a written plan for supporting individual children with special needs (medical, educational, or behavioral)&lt;br&gt;<strong>Star 3:</strong>&lt;br&gt;- Age appropriate activities to prepare children for transitions (sharing stories, reading books about transitions, visiting another classroom, visiting public school, etc)&lt;br&gt;<strong>Star 4:</strong>&lt;br&gt;- Coordination with families and schools, programs, or agencies to transfer child records, including written information concerning child’s abilities, learning styles, medical/safety concerns.</td>
</tr>
</tbody>
</table>

**Application Process**

Information in this section describes specific features of the application process in the QRS.

| Requires self-assessment tool: | No |
| Availability of preparatory process: | Yes |
| Describe preparatory process: | Each coalition employs a local coordinator who is responsible for holding general sessions and |
presentations about Star Quality Initiative. Following, coordinators individually visit programs to talk about the application process, available supports, observations, etc. The particulars of this process are determined locally.

In addition, Virginia offers a preparatory rating called a Rising Star. A Rising Star program is a facility that has shown a commitment to improving quality and achieving a Star level rating. Typically, these programs are working to comply with the requirements of the regulating authority (e.g., VDSS Licensing Standards, VBOE Regulations, Head Start Performance Standards). Like all other programs, Rising Star programs also receive technical assistance to aid throughout the application and rating process.

<table>
<thead>
<tr>
<th>Requires orientation:</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Describe orientation :</td>
<td>Similar to the preparatory process described above, orientations sessions are available (but not required) through the efforts of the local coordinator.</td>
</tr>
<tr>
<td>Time from application to rating:</td>
<td>3-6 months</td>
</tr>
<tr>
<td>Can apply for particular rating:</td>
<td>No</td>
</tr>
</tbody>
</table>

Outreach

This section describes the strategies that a QRS uses to disseminate information to parents, providers/programs, and the public.

<table>
<thead>
<tr>
<th>Outreach to parents:</th>
<th>Yes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Method of outreach to parents:</td>

<td>Website</td>
</tr>
<tr>
<td>Outreach to public:</td>
<td>Yes</td>
</tr>
<tr>
<td>Method of outreach to public:</td>
<td>Website, and some radio, print, and television (varying locally)</td>
</tr>
<tr>
<td>Percent of budget dedicated to marketing:</td>
<td>Information not available.</td>
</tr>
</tbody>
</table>

Use of Observational Tools

The information in this section provides further detail about observational tools used in the QRS.

| Observational tools used: | CLASS, ECERS-R, ITERS-R, SACERS-R |
| **Describe how scores are used in the rating:** | Star 2: CLASS 3+, ERS average 3 (no classroom below 2)  
Star 3: CLASS 4+, ERS average 4 (no classroom below 3)  
Star 4: CLASS 5+, ERS average 5 (no classroom below 4)  
Star 5: CLASS 6+, ERS average 6 (no classroom below 5) |
| **Frequency of observational assessment:** | 2 years |
| **Method for choosing classrooms to observe:** | A minimum of 1/3 of the total classrooms in the facility are assessed, including at least one classroom of each age group the program serves. Based on the information provided by programs, the Rater(s) assigns each potential classroom a number, and all numbers are entered into the random sample for assessment. The room(s) to be assessed on each day is randomly drawn from that sample (by either the provider or rater). |
| **Percent of classrooms observed in child care centers:** | One out of every three preschool and toddler classrooms at a site will be observed (33%). However, at least one classroom for each age group served at that program must be observed. |
| **Training for observers:** | Environment Rating Scales: The Raters and Mentors are trained in cohort groups by the scale authors from the Frank Porter Graham Child Development Institute at the University of North Carolina, when possible, or by a Master Star Quality Raters who received training in the Environment Rating Scales by the authors and is qualified to train other professionals and conduct and oversee inter-reliability checks.  
Classroom Assessment Scoring System: The Raters and Mentors are trained in cohort groups by either the CLASS authors at the University of Virginia or by a Master Star Quality Rater who attended the train-the-trainer workshop in CLASS from the source university. The Master Raters are able to train future Raters and Mentors and conduct and oversee reliability testing and inter-reliability checks. |
| **Initial reliability required:** | Raters must achieve 85% consistency for the Environment Rating Scale and 85% reliability for CLASS with a Master Rater. |
### Ongoing reliability required

Raters must be tested for inter-rater reliability once every 7 visits.

### Improvement Process

This section provides information about the strategies used to provide or support quality improvement in the QRS.

<table>
<thead>
<tr>
<th>Training available that is linked to QRS:</th>

### Financial Incentives

A variety of strategies may be used to provide financial incentives to providers to participate in the QRS or to support quality improvement efforts. This section provides information about different financial incentives.

| Tiered reimbursement: | No |
| Quality award/bonus: | No |
| Startup award: | No |
| Scholarship (T.E.A.C.H) | No |
| Wage enhancement | No |
| Retention bonus: | No |
| Improvement grants: | The Quality Improvement Resource Support funds go to the local coalitions working with the programs. The local coalition will make purchase of services (mentoring, training) or equipment and materials that are equivalent to $1,500 per participating center based on their quality |
improvement plan.

The Quality Incentive Fund is an incentive award for programs whose enrollment of subsidized children is 25% or more. This amount is a one-time incentive that is given to the early childhood program based on their star rating and the number of children served at the site. This amount varies from $500 – 3250 per program.

Comments on financial incentives:
The financial incentives of the Star Quality Initiative are not directly given to programs. Instead, they are handled at the higher level of the local coalition, where it is then distributed to programs (by the discretion of the coalition) based on the needs of their quality improvement plan.

Administration Details
This section provides details about the QRS administration and funding.

QRS lead: Virginia Early Childhood Foundation (non-profit) & Virginia Department of Social Services - Office of Early Childhood Development (State agency)

QRS lead type: State government agency and non-profit organization

Overall funding amount for most recent fiscal year: $1.2 million

Overall funding sources: Child Care Development Fund, Foundation (for observer trainings), State (stimulus funds), and local funds

Note: Funding amounts and sources have changed over the past 3 years of pilot implementation.

Partners
This section provides information about the roles and responsibilities of partners in the QRS.

Partner 1 type: University
Partner 1 name: Training and Technical Assistance Center (T/TAC) at Virginia Commonwealth
Partner 1 function: The other function includes providing coordination of trainings of raters and mentors (which focus on using inclusive practices for children with special needs).

Work plan in place: No
Linkage of QRS with Other Systems

This section provides information about how the QRS is linked with other systems/standards including child care subsidies, professional development, state early learning guidelines, and core knowledge /competencies for providers.

PERFORMANCE STANDARDS:
Standard 1: Education, Qualifications, and Training (assessed by documentation)
Standard 2: Interactions (assessed by observation using CLASS)
Standard 3: Structure (assessed by documentation)
Standard 4: Environment and Instruction (assessed by observation using Environment Rating Scales- ERS and documentation)

- In order to achieve Star Level 1 or higher, participating programs must be in good standing with all requirements of the regulating authority (e.g., Virginia Department of Social Services (VDSS) Licensing Standards, Virginia Board of Education (VBOE) Regulations, Head Start Performance Standards) including, but not limited to, those set forth in this document. In good standing indicates that while there may be noncompliance with one or more standards that represent a minor or minimal risk or violation, compliance clearly and obviously exists with the standards as a whole.

- In all standard areas, if minimum requirements of the regulating authority are more stringent than those set forth by the Star Quality Initiative, those set forth by the regulating authority supersede the Star Quality Initiative requirements.

- Each Star level builds upon the previous level; unless otherwise specified, each successive level includes requirements listed in the previous level.
